## DELAY STATE ANTI-HANGING BILL

### 10 MILLIONS NEEDED FOR BRANCH OF 'U'

Building Construction at  
New Site Cannot Start  
Until Money Is Raised

#### BOND ISSUE NECESSARY

Authorization By Legisla-  
ture and Confirmation  
By Voters Are Essential

LOS ANGELES, March 25.—Ten million dollars will be needed before construction work can be started on the University of California, Southern Branch, buildings to be erected on the New Beverly Hills-Westwood site, according to Dr. John R. Haynes of the board of regents.

A bond issue to raise the money will have to be authorized by the state legislature and confirmed by the voters of the state in the November elections, Dr. Haynes said, on his return from the meeting in San Francisco, which selected the new location.

A portion of the funds will be required to reconstruct the old buildings housing the teachers' college, Haynes said.

A survey of the 1600 acres of land controlled by the Janss investment company, from which the regents will select 375 acres for the new university, will begin soon. After the selection, the work of landscaping will be started.

Accommodations for 10,000 students are contemplated in the present plans for the new college of letters and science at Beverly Hills.

### FIGHT IS OPENED ON SANGUINETTI

YUMA, Arizona, March 24.—Declaring war on "special interests" in a public letter to E. F. Sanguinetti, Yuma Valley millionaire, today barred all advertising of Sanguinetti enterprises from its columns.

Sanguinetti is a pioneer merchant of the Yuma valley. The Herald, in its public communication, controls every important business in the section, stifling efforts of independent merchants and other individuals.

"The Sanguinetti interests are founded on greed and financial lust," the letter stated, "and are determined to print advertising from the Yuma Herald, and to help to build and prosper a gigantic institution which is harmful to the independent effort of the community in general."

### Acid Spilled, Not Thrown, Is Claim

LOS ANGELES, March 24.—Mrs. Bernice Day pleaded not guilty today when arraigned in superior court here on charges of throwing acid in the face of her estranged husband, Darby L. Day Jr., scion of a millionaire Chicago family. Miss Carolyn Lundstrom, sister accused as an accessory, entered the same plea, and trial of the two girls was set for April 28 by Judge Edward F. Hahn.

Day claims his pretty young wife maliciously mutilated his face during a scuffle which culminated in a domestic quarrel. Mrs. Day contends she spilled the acid accidentally.

### RELIEF FUND FOR STRICKEN STIRS SYMPATHETIC CHORD

The Register's fund for relief of victims suffering in the middle western states today had reached a total of \$463.25, a number of liberal contributions having been added since the report yesterday.

The suffering of little ones, hundreds of whom were orphaned by the tornado, has made a special appeal to a great many persons. Contributors have remarked particularly of their sympathy for the children who have been bereaved of parents and who have been made to suffer many hardships through the lack of proper clothing, nourishment and housing.

Santa Ana is joining with hundreds of other cities in the nation in raising funds for assistance to men, women and

### Only Helped Wife Kill Self, Claim

CLEVELAND, Ohio, March 24.—Frank Liska, 41, today still held to his story that he was "only helping his wife commit suicide," when he strangled her with a kimono last Friday night.

He admitted setting fire to the hen-house in the back yard in which the scorched body of Mrs. Catherine Liska, 37, was found by firemen.

She tied the kimono around her neck and begged me to pull it tighter and kill her," Liska said in a statement.

"At first I refused, but she kept on begging, so at last I consented," he said.

### OFFICIALS SEE NEW TAX SLICE EQUAL TO LAST

WASHINGTON, March 24.—A cut in taxes equal to last year's slice may be expected this fall, high treasury department officials believe.

With the adding machines tabulating totals of the income received on March 15, treasury officials have determined that about \$374,000,000 will be available as a surplus for the planned new reduction.

This figure compares with \$323,000,000, which was saved up for the most recent cut and gives the treasury experts confidence to announce that the contemplated decrease will at least reach the proportions of the old cut.

Who Will Be Affected?  
Just which classes of taxpayers will receive the greatest benefit, has not yet been decided.

Secretary of the Treasury Mellon does not intend to work out a complete plan, as he did last year. He proposed merely to inform Chairman Green of the house ways and means committee that the estimated amount lies in the treasury vaults, ready to be balanced with an equal reduction of taxes.

Mellon still is of the opinion that the greatest benefit will be distributed to all, if the present high surtaxes are cut to a 25 per cent rate. An effort also will be made to abolish the inheritance and most of the "nuisance" taxes.

No New "Mellon Plan."  
But there will be no new "Mellon plan." The secretary will only make suggestions and encourage the consultation of congressional legislators. The "Mellon label" will be dropped for political reasons.

The present scheme is to have the house ways and means committee brought back about September 15 and an extra session may be summoned a few weeks later to consider the new bill. It will take about a month to shape the measure into shape for presentation on the floor of the house. It should become a law around Jan. 1, 1926.

Tax receipts for March, upon which the new plan is arranged, run around \$430,000,000.

### Would Expend Million Dollars For Promotion

LOS ANGELES, March 24.—Plans to spend \$1,000,000 annually in promoting the industrial, agricultural and commercial expansion of Southern California were projected here today.

The plan was outlined at a meeting of the Southern California Forward movement at the local chamber of commerce.

George I. Cochran, president of the Pacific Mutual Life Insurance company, was named president of the "boosters" organization, and will be in charge of the campaign to raise the million-dollar fund.

The money will be expended jointly by the chamber of commerce and the All-Year club in an effort to attract an increasing number of summer and winter tourists to the Southland.

child victims of the great-a-tastrophe, and an appeal is made for Santa Anans to open their pocketbooks and increase the fund.

With a contribution of \$1 yesterday by W. A. H., the contributor's initials being inadvertently omitted, the fund total yesterday was \$394.25.

Today's report is as follows:

Previously reported ..... \$394.25  
Anna P. Crawford ..... 2.00  
T. B. Bowman ..... 10.00  
E. S. Wakeham ..... 20.00  
A. Friend, Tustin ..... 10.00  
Dan McKeeth ..... 5.00  
Agnes McKeeth ..... 5.00  
Samuel Now ..... 2.00  
R. J. Thompson ..... 10.00  
George Ragan ..... 5.00  
Total ..... \$463.25

### MAIL BANDIT FACES TRIAL FOR SLAYING

Cordons of Police Guard  
Courtroom As "Million  
Dollar" Robber Appears

#### BALK ESCAPE ATTEMPT

Evidence Is Expected to  
Reveal Dramatic Story  
of Man's Career In Crime

HARTFORD, Conn., March 24.—Shackled to two deputy wardens and surrounded by conspicuously armed guards, Gerald Chapman, famous million-dollar mail bandit, was brought into court here today through long lines of uniformed police to stand trial for his life.

Charged with first degree murder in connection with the killing of Policeman James E. Skelley during an attempted robbery in New Britain, Conn., last October, it was the climax of a long and adventurous career when Chapman faced Judge Newell Jennings in superior court today.

To Challenge Verdict  
Chapman's first defense move will be to challenge the "array of the jury," claiming the city of Hartford is not proportionately represented in the venire of 150 men chosen for duty.

Chapman's trial will be surrounded by every precaution to keep the bandit from springing another of his sensational escapes. Interest in the trial is not so much in the individual case, as it is in the story which it is expected to unfold.

Before the evidence is completed, it may explode stories that Chapman is a college graduate, a man of linguistic attainments, and the scapegoat son of a prominent family.

Will Unveil His Past  
It is understood that it will be revealed that Chapman in reality was born in New York, on the east side; that his education was gained in the public schools of New York and in a few months at a private school, during which time his honest Irish parents hoped to make a priest of him and that he left school to launch a criminal career which has lasted for approximately 20 years.

It is true that he speaks several languages, but it is understood that he learned these in jail and from underworld associates.

### SOVIET COMPLETES SINCLAIR HEARING

MOSCOW, March 24.—Hearings in the dispute between the Soviet government and the Sinclair Oil interests concerning the Saghalian concession to the Sinclair interests, have ended and the judges are considering the mass of documents submitted in connection with the case.

Lawyers representing the concessions committee stressed the point that the exceptionally favorable terms of the concession were due to the fact the Soviet government hoped to realize its sovereign rights to Saghalian through the medium of the Sinclair company.

The plan was outlined at a meeting of the Southern California Forward movement at the local chamber of commerce.

George I. Cochran, president of the Pacific Mutual Life Insurance company, was named president of the "boosters" organization, and will be in charge of the campaign to raise the million-dollar fund.

The money will be expended jointly by the chamber of commerce and the All-Year club in an effort to attract an increasing number of summer and winter tourists to the Southland.

### DO YOU BELIEVE IN ADVERTISING?

Even the strongest unbeliever of advertising will read it and profit thereby. He will read it in spite of himself and he will demand and buy advertised goods unconsciously. If it will save you when used as a buying guide, doesn't it stand to reason that it would be just as good to use?

Perhaps you have never thought of yourself in the role of an advertiser, yet if you will study for a moment the CLASSIFIED SECTION of the Register you will find that it is used by nearly every one. It is used for filling most every want and you are no exception—you have a want to fill. You may have real estate to sell, merchandise or a service to sell, possibly something to rent. If you are an average human being you have something to advertise.

Whether you believe in advertising or not, the cost is so small and the possibilities so great that you can't afford NOT to use

### Save Two Girls On Threshold Of Opium Den

LOS ANGELES, March 24.—Three Chinese were held today charged with attempting to lure two girls into an opium den at Pasadena.

The girls were rescued by narcotic officers as the orientals were in the act of forcing them into the place, it was said.

The suspects are King Key, Wong Mon Chew, and Chan Bok Tong.

### CEREMONY TO MARK START OF C. C. HOME

Ceremonies in breaking ground for the first home of the Santa Ana Chamber of Commerce will be held at 11 a. m. Thursday, it was announced today by A. L. Olinger, secretary of the chamber, and J. C. Wallace, chairman of the building committee.

The new structure will be located on the grounds at St. Ann's Inn, on the south side of the hotel lot, and will extend from the south end of the Inn building out to a point near the driveway.

The architecture will conform to that of the Inn, and the addition will be a pleasing enlargement of the hotel structure.

J. W. Tubbs, mayor; O. A. Haley, president of the chamber, and A. J. Crookshank, president of St. Ann's, Inc., will turn the first shovel of dirt, the three men dividing honors. Each will make a brief address.

Location of the chamber home, on the grounds, will make available to the organization the dining room and other facilities the Inn offers for proper entertainment of guests. It is believed this service will be of great advantage in promoting the work of many members upon their decision to establish the chamber's first real home on the hotel grounds.

Jules W. Markel and Son have the contract for construction and promise speedy execution of the plans. Contract price is \$6128.

### LABOR CONDITIONS IN FILM COLONY WILL BE PROBED

LOS ANGELES, March 24.—Labor conditions and screen "extras" said to be largely girls without relatives or homes, will be investigated by the state labor commission, it was announced here today.

More than 50,000 jobless extras are now in Hollywood making a vain round of the studios in search of employment, according to Louis Bloch, statistician for the labor commission.

"Pay for the extras is uncertain, and many of them have been placed at the mercy of unscrupulous employment agents," Commissioner W. G. Mathewson declared.

"Jobs while paying well for the time being, are few and far between, and there are so many applicants for each position that employment agencies charge extortionate sums to get small parts for their clients."

"Young girls unable to get sufficient income are often the prey of men who take advantage of their homeless and friendless condition."

Mathewson said the impending probe would involve regulation of employees, rates of pay, conditions of employment of children, observance of state labor laws and living conditions of the extras.

### DEFER AWARD ON U. S. VESSEL BIDS

WASHINGTON, March 24.—The Shipping Board today postponed until Friday at 10 a. m. its action on the bids of the Pacific Mail Steamship company and the Stanley Dollar company for the Shipping Board vessels now operated by the former line.

Deference followed a ruling by Judge Parker, general counsel of the board, that the Pacific Mail company's bid was not a proper one under the Shipping Board act of 1920 and was taken to afford the company time to consider the situation.

The Pacific Mail company's bid was the higher of the two, but included the offer of stock on a company to be organized to operate the liners, while the Stanley Dollar company's bid, though lower, was all cash.

The board was to have made its award today.

### 4 MEMBERS OF CABINET MAY RETIRE

Further Changes In Official  
Advisors of President  
Coolidge Are Scheduled

#### BACK TO PRIVATE LIFE

Weeks, Work, Davis and  
New Are Reported to  
Consider Leaving Posts

WASHINGTON, D. C., March 24.—The cabinet will undergo further organization during the summer, with the probable retirement of four officers, according to reports in official quarters today.

Secretaries Weeks, Work and Davis and Postmaster General New are said to be those who contemplate stepping out. The first three wanted to return to private life months ago, but were prevailed upon to remain in the new administration.

The gradual withdrawal of the trio, all of whom were appointed by President Harding, is looked for. New, also a Harding appointee, may be shifted to one of the vacancies, or may retire in July.

With these changes, President Coolidge will be able to reconstruct a cabinet of his own choice with the exception of secretaries Mellon and Hoover. These two, however, are not expected to go, but in office more than two years longer, hence the prospect is that before the President's term is over he will have a complete "Coolidge cabinet."

Those mentioned for succession to Weeks is Charles D. Hilles, Republican national committeeman of New York. Frank W. Mondell, of Wyoming, former Republican floor leader in the house, is spoken of for appointment to the interior department.

Succeeding Work, John L. Lewis' name again is mentioned in connection with the labor post. Lewis is head of the United Mine Workers of America.

### URGE PERSHING TO ENTER SOLON RACE

WASHINGTON, March 24.—General John J. Pershing is being pushed by his friends for the 1926 senatorial race in Missouri against Senator Spencer, Republican, but the former commander of the A. E. F. is believed destined for a diplomatic rather than a political career.

Pershing, moreover, has no personal inclination toward a political life. Everyone in Washington from the president down, is agreed that the country should utilize Pershing's unusual ability. Although nominally retired from the army, he is in prime condition and desiring to go on with active work.

If he succeeds as president of the Tacoma-Arden plebiscite commission, which he has just accepted, in settling the generation-old dispute, his friends believe he will be prepared for and offered an important ambassadorship.

### DEFER AWARD ON U. S. VESSEL BIDS

WASHINGTON, March 24.—The Shipping Board today postponed until Friday at 10 a. m. its action on the bids of the Pacific Mail Steamship company and the Stanley Dollar company for the Shipping Board vessels now operated by the former line.

Deference followed a ruling by Judge Parker, general counsel of the board, that the Pacific Mail company's bid was not a proper one under the Shipping Board act of 1920 and was taken to afford the company time to consider the situation.

The Pacific Mail company's bid was the higher of the two, but included the offer of stock on a company to be organized to operate the liners, while the Stanley Dollar company's bid, though lower, was all cash.

The board was to have made its award today.

### RELIEF WORKERS QUIT STORM ZONE

ST. LOUIS, Mo., March 24.—Throughout the storm-devastated areas today relief workers were beginning to leave and rehabilitation was under way.

In Illinois, with almost 700 persons known dead, and \$10,000,000 will be necessary to rebuild the stricken territory. Losses at Murphysboro alone will be approximately \$4,000,000.

Doctors and nurses will remain on duty for several days yet to prevent an outbreak of disease. West Frankfort is the only town where disease has appeared.

### Arbuckle and Doris Defer Wedding Date

SAN MARINO, Cal., March 24.—The marriage of Roscoe "Fatty" Arbuckle to Doris Deane, screen actress, scheduled for tonight, was postponed today on advice of Arbuckle's attorneys in Paris.

The former screen comedian received a cablegram from his lawyers, advising him he could not legally marry for another month. He was recently divorced in Paris from Minta Durfee.

"We'll stage the wedding in a month, then," Arbuckle said.

The ceremony was to take place at Miss Deane's home here at 8 o'clock tonight with Superior Judge Hugh J. Crawford officiating.

### SEEK HELP IN FIGHT AGAINST NEGRO RESORT

Huntington Beach Chamber of Commerce will carry its fight against establishment of a negro resort near that city to the Associated Chambers of Commerce, and will introduce a resolution at the annual meeting of that body in this city Thursday evening, asking the Orange county board of supervisors to condemn for county purposes the property upon which it is proposed to establish the negro colony.

Directors of the Huntington Beach chamber will attend in a body to present the resolution and urge its adoption by the county booster body, it was announced at the beach city today.

The Secretaries' Association of Orange County Chambers of Commerce, at a recent meeting here, adopted a resolution similar to that which will be offered Thursday evening. The meeting of the county organization will be held at St. Ann's Inn, at 6:30 p. m., the principal scheduled business being the election of officers.

It was reported today that members of the Huntington Beach chamber made objection to the traffic jam on the highway between Huntington Beach and Newport Beach Sunday, when a large number of colored people parked their machines along the highway and blocked traffic almost entirely.

The directors have passed a resolution requesting the secretary of the chamber to notify the sheriff's office of the condition Sunday and ask that steps be taken to prevent in the future repetition of last Sunday's experience.

### RELIEF WORKERS QUIT STORM ZONE

ST. LOUIS, Mo., March 24.—Throughout the storm-devastated areas today relief workers were beginning to leave and rehabilitation was under way.

In Illinois, with almost 700 persons known dead, and \$10,000,000 will be necessary to rebuild the stricken territory. Losses at Murphysboro alone will be approximately \$4,000,000.

Doctors and nurses will remain on duty for several days yet to prevent an outbreak of disease. West Frankfort is the only town where disease has appeared.

### ELLINGSON GIRL Again Collapses

SAN FRANCISCO, March 24.—Dorothy Elingsson, mother slayer at 16, today collapsed for the second time since the start of her trial. Although the girl did not faint, as she did yesterday, she burst into tears and court was forced to recess while police matrons worked with her. Selection of the jury continued today.

MAY USE TRACTOR SLEDS  
LONDON, March 24.—The proposed British expedition to the south pole may use mechanical tractors instead of dog sledges, if experiments now being conducted are successful.

CHICAGO FRUIT AUCTION.  
CHICAGO, March 24.—Oranges, 25 cents up on best; others steady. Best, \$6.25@6.35; medium, \$5.50@5.85. Lemons steady; best, \$4.45@4.90; medium, \$3.80@4.40.

### Bury Victims of Mine Explosion

FAIRMONT, W. Va., March 24.—Funeral services for the last of the 23 victims killed in a gas explosion at Berthel Mine No. 41 at Barracksville eight days ago, were held here today. Rescue squads brought the last three bodies to the surface last night after digging down many times in the mine shaft.

### MEASURE TO END KILLINGS IS TABLED

Proposal By Graves Losey  
In Committee, But Fel-  
lom's Bill Is On File

#### OPPOSITION IS VOICED

Proponents Declare Sentiment  
Against Capital  
Punishment Has Grown

SACRAMENTO, March 24.—The assembly today, by a vote of 43 to 26, refused to adopt a resolution petitioning the governor to hear further evidence in the case of Clarence "Tuffy" Reid, of Los Angeles, who is sentenced to hang April 24 for the murder of Charles Wein-garten.

The resolution was introduced by Assemblyman Thompson, of Los Angeles, as Dodge, chairman of the house committee on prisons and reformatories. It was taken up out of order and without reference to committee.

The resolution sought postponement of the execution on basis of a recent confession obtained from Lawrence McMillen, a former pal of Reid's, who assumed full blame for the shooting.

SACRAMENTO, March 24.—Only one anti-capital punishment bill was before the legislature today, the number being reduced by half when the assembly judiciary committee voted, 12 to 9, to table a measure introduced by Sidney Graves, of Los Angeles.

Senator Roy Fellom's measure, abolishing hanging and taking away the right of parole from persons convicted of first degree murder, is on the file for consideration today. It is questionable whether or not the bill will be taken up, as it was passed on file at Fellom's request yesterday.

Opposition to the Graves measure, practically identical to that of Fellom's, centered around the question of whether capital punishment is a deterrent to crime. Assemblyman Frank Combs, of Napa, objected to depriving convicts of the right of parole.

Offer Before Lawmakers  
Abolition of hanging is a problem which has faced the legislature for years. This session, proponents of the anti-capital punishment measure declare a change of sentiment has swept over the state during the last two years and are very optimistic in discussing the possibilities of the Fellom measure.

Today, the assembly commerce and navigation committee will hold a special session for the purpose of acting on the Los Angeles-Long Beach port bill which was delayed yesterday when friction arose between representatives of the two cities over the proposed administration of the port.

Long Beach spokesmen declared their city will not receive fair treatment, in that the bill specifies three of the five port commissioners would come from Los Angeles. Delay is granted to give the two factions a chance to iron out their difficulties and prepare amendments to both sides.

Little satisfaction was gained from the joint banquet given by the committees on reapportionment of both houses last night. While numerous reapportionment projects were discussed, no agreement was reached and the status of the problem is considered practically a hopeless tangle.

Would Split Road System  
Division of the primary state highway system into class A and class B roads is proposed in amendments to the Breed Highway bill, adopted by the senate highway committee, it was announced today.

Class A roads would include all north and south trunk lines on which 45 per cent of the available revenues would be spent, while class B roads would consist mainly of county seat laterals receiving 70 per cent of the revenues. The secondary system would receive the balance of 25 per cent.

An amendment to Breed's bill, offering the inclusion of the Bay Shore highway in the primary system, was tabled by the committee. This road has already been placed in the secondary classification.

### Press Time Bulletins

NASHVILLE, Tenn., March 24.—Governor Peay has signed a bill passed by the general assembly prohibiting teaching of the Darwinian theory of evolution in schools and colleges of the state.

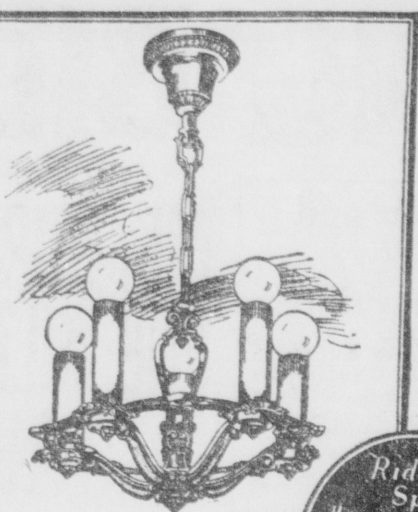

LOS ANGELES, March 24.—Mysterious disappearance of Winston Armstrong, 20, University of Southern California student, remained unsolved today. The youth disappeared from his home last night.

### Capistrano Y. L. I.

An enjoyable evening is prom-  
ised members of Capistrano Institute  
Y. L. I. tonight at Knights of Col-  
umbus hall, when a class of 20  
will be initiated with impressive  
ceremonies. One of the pretty  
features will be the work of the  
well-trained flag team, which has  
been practicing for some weeks.  
The members of Anaheim insti-  
tute have been invited and there  
will be other out-of-town officers  
and guests.

### Philathea Class

Entertained by Mrs. Carl Mock  
and a group of assistant hostesses,  
at the Mock home on East  
Fourth street, the members of  
the Philathea class had  
a most enjoyable Irish evening  
recently. The hostess group in-  
cluded Miss Mame Havens, Miss  
Grace Roberts, Miss Lula Minter  
and Miss Annis Platt as well as  
Mrs. Mock.

Guests were admitted to the  
pleasant home by the dear little  
daughter of the hostess, Miss  
Charlotte Mock, a gay colleen in  
a green gown. The house was  
highly suggestive of Ireland and  
St. Patrick's day, even the lights  
being dimmed with green covers.  
Miss Grace Roberts led the de-  
votionals after which Miss Jennie  
Lasby conducted the business  
meeting with interesting com-  
munications from Burma and  
also from Ning-Po, China, in both  
of which foreign cities the class  
conducts missionary activities.  
Home mission reports were also  
an interesting feature.

With the remainder of the  
evening given over to entertain-  
ment, the guests were divided in-  
to five groups, each constituting  
an Irish family with Fayther,  
Mither and the small spalpeens.  
These families competed for prizes  
in many highly amusing con-  
tests, Mrs. Earl Morris and her  
family proving winners.

The evening was crowned with  
an Irish supper when a very en-  
joyable salad course was served  
by the hostess group to the mem-  
bers who numbered about thirty-  
five.

### Social Calendar

March 24—  
Social evening with program and  
dancing complimenting Kiwanis  
members and their wives; Ebells  
clubhouse; 8 p. m.  
Class party of G. W. G. class of  
the United Brethren church in so-  
cial rooms of the church; 7:30  
p. m.

Cooked food sale under auspices  
of Dorcas society of First M. E.  
church; at Blauer's grocery; be-  
ginning at 9 a. m.

March 31—  
Reciprocity luncheon of Santa  
Ana Woman's club with all county  
women's club presidents invited;  
at the G. J. Mosbaugh home, 636  
North Broadway; 12:30 p. m.

## REVIEWS COUNTY BANKING HISTORY

Reminiscences, anecdotes, word  
pictures of well known characters  
about town, and shrewd observa-  
tions upon affairs in the early days  
of the city, featured the program  
presented last night at the Ebells  
club by the Orange County His-  
torical society.

The program dealt principally  
with early banking, in which con-  
nection W. McPherson, himself an  
old-timer, entertained with observa-  
tions of banking affairs in those  
days when a man's reputation for  
honesty and square dealing often  
meant more than his negotiable as-  
sets.

The more serious side of the  
program was taken up with a pa-  
per on early banking, presented by  
G. J. Mosbaugh, a pioneer banker  
of this city.

Yes, we take Standard Oil  
Script. Platt Auto Service.

## TO CIRCULATE PETITIONS ON CENTURY ROAD

Petitions to the Los Angeles  
board of supervisors, asking the  
creation of an assessment district  
for location and building of the  
proposed Century boulevard be-  
tween Santa Ana and Watts, par-  
alleling the Pacific Electric  
tracks, will be in circulation in  
the Los Angeles county end of  
the project within a short time,  
it was announced at a meeting  
of the board of directors of the  
Century Boulevard association,  
held at Watts last night.

Supervisors S. H. Finley and  
William Schumacher, County  
Highway Superintendent J. L.  
McBride, Frank Was, a director,  
and William DeWolfe, identified  
with the Orange county road de-  
partment, presented Orange  
at the meeting.

D. B. Matton, of the county  
counsel's office in Los Angeles,  
was present and explained pro-  
visions of a bill now before the  
state legislature, having been  
drafted partly to create a law  
districts such as that proposed for  
the Century boulevard. It pro-  
vides for more equitable assess-  
ments and divides properties ad-  
jacent to improvements into  
zones.

A survey of the Orange county  
end of the road is now being  
made at the instance of the board  
of supervisors to determine the  
properties through which the road  
will pass. Steps will be taken  
later, it is expected, to circulate  
petitions among property owners  
along that portion of the route  
lying in Orange county.

## 250 ARE GUESTS AT CHAMBER BALL

A delightful evening of dancing  
was enjoyed last night when 250  
members of the junior chamber of  
commerce, their friends and ladies,  
gathered at St. Ann's Inn for the  
organization's inaugural ball.

Two artistic Spanish dances were  
given by Miss Bonita Vallon, noted  
dancer, of Los Angeles.

Punch was served throughout  
the evening. Music for the danc-  
ing was furnished by the 8-piece  
Dysart orchestra.

Members of the new board of di-  
rectors of the chamber were intro-  
duced by the retiring president,  
Lin Crawford. Stanley Clem, new  
president, was required to take an  
"oath" which provoked much laugh-  
ter among those witnessing the  
ceremony.

Committee responsible for the  
entertainment were: General  
chairman, Jesse Elliott; door,  
Stanley Goode and William Iver-  
son; entertainment, Carl Mock and  
Ernest Winbiger; music, E. M.  
Sundquist; reception, Lin Crawford,  
W. Floyd Croddy, Charles Kendall,  
Bruce Switzer, Ed Holmes, Jack  
Wallace, George Scovel, Fred  
Forgy.

Ask your grocer for a loaf of  
Queen bread baked at the Home  
Bakery.

## You And Your Friends

Please Phone or Mail Items

The Misses M. Louise Williams  
and Josephine Williams, who  
have been stopping at St. Ann's  
Inn, left Sunday for their home  
in Scranton, Pa., via the Santa  
Fe route.

Mr. and Mrs. T. L. Carroll, of  
Gothenburg, Neb., who are spend-  
ing a few weeks in Southern  
California, are guests at the home  
of Mr. and Mrs. W. C. May. Mr.  
Carroll is identified with the  
First State bank of Gothenburg.  
The visitors were to leave today  
for San Diego, where they will  
be guests of friends for a week.

E. A. Johnson and little daugh-  
ter Virginia, who have been living  
in Los Angeles for the past year  
and a half, are guests this week  
at the home of Dr. and Mrs. W. F.  
Kistinger of 804 South Flower  
street. Mr. Johnson is returning  
to his old home in Cornell, Ill. Dr.  
and Mrs. Kistinger and their two  
sons have recently come to Santa  
Ana to reside, the former having  
established offices in the Spurgeon  
building.

Mrs. Richard Matthews of 2409  
North Main street was operated  
upon this morning at the Santa  
Ana Valley hospital.

Mr. and Mrs. D. M. Peters of  
1022 North Broadway are leaving  
tomorrow on the Southern Pacific  
Sunset Limited for a most inter-  
esting trip, going by way of New  
Orleans to St. Petersburg, Fla.,  
where they will remain until some  
time in May, when they plan to  
go to Washington, D. C., points in  
New Jersey, Syracuse, N. Y. and  
Detroit, Mich. There they will  
take possession of a new automo-  
bile, which has been ordered for  
them, and motor home late in July,  
via the Yellowstone Park. Mr. and  
Mrs. A. L. Johnson of Glendale  
will occupy the home while Mr. and  
Mrs. Peters are away.

The Misses Josephine and M.  
Louise Williams, who have been  
stopping at St. Ann's Inn for some  
time, left Saturday morning on the  
Santa Fe California Limited for  
their home in Scranton, Pa. The  
sisters came here from San Diego,  
where Miss Louise had the mis-  
fortune to injure her hip seriously,  
the accident confining her to her  
room for several weeks and curtail-  
ing their visit in Santa Ana. A  
part of the time was passed with  
Miss Blanche Dolph and Miss Lu-  
cille McGaughey at the beautiful  
home of Miss Dolph at San Juan  
Capistrano, and the visitors were  
delighted with the country. This  
is the second time they have  
stopped at St. Ann's Inn with  
which they are much pleased.

Mrs. Lillian Ingels formerly of  
Larned, Kans., and now of Seattle,  
Wash., is spending a few days  
with her old friend, Mrs. Elizabeth  
Caldwell of 628 North Parton  
street, who also was a former  
Larned resident.

Mrs. Regina Shelton Cox who  
lived in Santa Ana in her child-  
hood, was a visitor here last Sat-  
urday on business, she and her  
husband having located in Los An-  
geles.

Mr. and Mrs. George Hoff who  
have been stopping at 506 West  
Fifth street, are spending this  
week with their friend, Mrs. L. E.  
Weldt in Williams canyon, near  
Modjeska's.

Miss Mildred Murphy returned  
to Los Angeles yesterday after  
spending the week-end at the home  
of her parents, Mr. and Mrs. Ernest  
Madden, 1109 North Broadway.

Mrs. F. A. Rogers, representative  
of the Pacific Mutual Life Insur-  
ance company, returned this morn-  
ing from a business trip to the  
Coachella valley, having gone there  
on Sunday.

## MANY VISITORS LOOK OVER NEW COUNTY PRISON

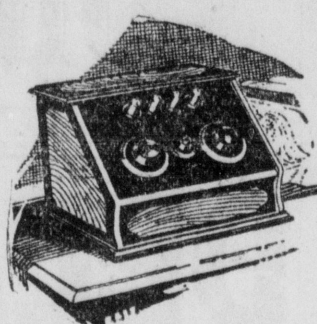

Scores of Santa Ana and Or-  
ange county people accepted the  
invitation of Sheriff Sam Jerni-  
gan to visit the new Orange  
county jail today and a constant  
stream of visitors has been con-  
ducted through the institution.  
Sheriff Jernigan, Jailer Orin  
Moncrief and several deputies,  
have been acting as guides, show-  
ing the various new improve-  
ments, automatic doors, and many  
other features that are not to  
be found at the old jail across  
the street.

Officials will be on duty at  
the jail throughout the day to  
escort visitors and to explain the  
many innovations, some of which  
are new on the Pacific coast.

"We are eager for everyone in  
the county to see the new jail,  
and will gladly show all visitors  
through the building," said Sher-  
iff Jernigan.

Sheriff W. A. Shay, of San  
Bernardino county, and several  
San Bernardino county for the  
ors were among the first visitors  
to be taken through the jail to-  
day. Plans are being made by  
San Bernardino county for the  
erection of a new jail.

## For Your Feet's Sake! And for Pete's Sake!

wear  
**PACKARDS**

THE second line above was perpetrated  
largely because of the poetic effect!  
As a matter of fact, about the only worrying  
that Pete does over Packard Shoes is that  
there are A FEW MEN in Santa Ana who  
wear other makes! These shoes are praised  
to the skies by 100 per cent of all men who  
have ever worn them, and, while it is selfish  
perhaps, we'll be impatient until 100 per  
cent of possible customers have given Packard  
the test.

"Rugby"  
\$9.50

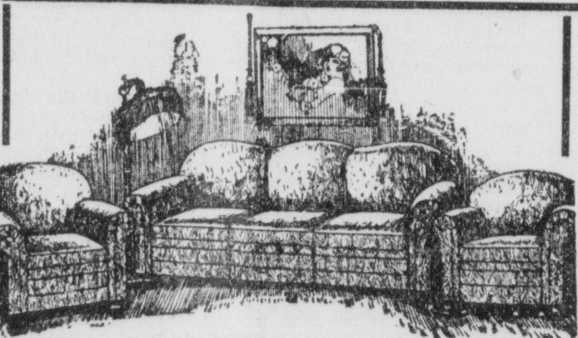

A new dressy Pack-  
ard of flat lines; for  
the average foot;  
well moulded over  
the foot; with fitted  
flat outer side effect.  
A humdinger!

## Church Night Is To Be Observed

Tomorrow will mark the ninth "church" night at the First Methodist church, next week closing the series of classes. The students gather at 6 o'clock for supper, after which Prof. J. Russell Bruff conducts the class in religious education. Miss Holly Lash that for pageantry and dramatics, Mrs. May Brown, a retired missionary from China, missionary education, and Russell Lutes the class on Old Testament characters. Following the class work, the Rev. Will Betts will talk on "The Meaning of Easter" in the auditorium. Last Wednesday night, 300 were in attendance at the classes.

Reduce! Don't be fat. No effort so easy. Marcella Phillips, 208 Medical Bldg. Phone 1732-J.

## The Well-Dressed Man

By BEAUNASH  
Correct Clothes To Meet The Obligation Of Every Occasion

heavy and bulky; it does not best season and climate, as already set forth. Such a coat should be acquired with the idea of also wearing it next autumn, as well as over evening dress during the early summer if the night be chilly. One's top coat ought to be light enough for warm days and warm enough for cool days. Indeed, it is the best mixer in a man's wardrobe.

A combination top coat and rain coat—Dr. Jekyl and Mr. Hyde is a very useful spring garment. The shower-proofing process does not alter the appearance of the fabric and keeps one from gluing a speculative eye on the sky. This sort of coat has three buttons or four; a medium or full box back; a vent or none and flap patch or vertical pockets. It is half-lined and about 44 to 47 inches long.

The regulation top coat, portrayed in the accompanying sketch, is the 3-button, single-breasted, button-through model of goodly length and with slight shaping at the sides and patch pockets. The double-breasted style is just as much in favor this season. It is an affair of preference, not propriety. Then, there is the stand and fly-front coat having 3 or 4 buttons, a straight or figure-tracing back, flap pockets and half or full silk lining. The Raglan and "Guard" models, now familiar fashions are yet in vogue for top coats and look very well on some figures. Colors are not mentioned, because color is never a matter of style, but of individual taste and becomingness.

## The Cheerful Cherub

Through the muffling fog  
I hear the steam boat's call,  
And long to go,  
but where  
I do not know  
at all.

## Fraternal Calendar

W. B. A. of Macabees—Will hold an all-day session at the home of Mrs. N. L. Galbraith, 1061 West Fourth street, March 25.

Sycamore Rebekahs—Will entertain members of Westminster lodge in the local I. O. O. F. hall, March 28.

Shiloh circle, Ladies of the G. A. R.—Will meet for social meeting in the G. A. R. hall, March 26, at 2 p. m.

Santa Ana Scouts—Will hold social with dancing, cards, entertainment and refreshments, in El Camino hall, Wednesday night at 8 o'clock. All Scouts, Masons, De Molays and their ladies are invited.

S. A. Pythian Sisters—Will hold regular session in K. P. hall tonight at 7:30.

Knights of Pythias—Five candidates will receive the page rank, a program will be held and refreshments served, at the monthly meeting of the district convention in the local K. P. hall Wednesday night, starting at 7:30 o'clock.

Silver Cord lodge, F. & A. M.—Will confer third degree in the Masonic temple tonight, commencing at 7:30 o'clock. Refreshments will be served.

Women's Relief Corps—Will hold dinner and reception in the G. A. R. hall, Wednesday evening at 6:30 o'clock, in honor of Mrs. Grace Willard, Los Angeles, national president, and her staff, and Mrs. Martha Packard, Los Angeles, department president and her staff. All members of the W. R. C. and the G. A. R. are invited.

## News Briefs

Old acquaintances were renewed yesterday when Edward W. Ruhe and Frank Newton Warren, retired capitalists, living in Pasadena, walked in on Theodore B. Thiele, manager of St. Ann's Inn. It was 30 years ago that Thiele, then a youngster out of school, was making his start in life as an office boy in the Chicago office of the Ruhe Brothers Cigar Manufacturing company, of Allentown, Pa., then owned by Ruhe and Warren. This was their first meeting since that time.

Daughters of Veterans will not meet at the hall Wednesday afternoon as previously planned, according to word from officials of that organization today.

The Twelfth annual picnic reunion of former residents of De Kalb county, Illinois, is announced for next Saturday, in Sycamore Grove park, Los Angeles. Election of officers takes place at 2 o'clock.

Prominent among arrivals at Hotel Santa Ana are Dr. and Mrs. Henry J. Cubecelres, and Miss Palmyra May Cubecelres, of Cambridge, Mass. Included in the party are Mr. and Mrs. John S. Rozendos of Boston, Mass., and Dr. and Mrs. Louis Moderno, of Santa

## 'RELIGION IN BUSINESS' IS KIWANIS TOPIC

Dr. Francis Burgette Short, of New York, a special representative of the J. C. Penney company, will be the speaker at the meeting here tomorrow of the Santa Ana Kiwanis club, at St. Ann's Inn, at 12:15 noon, it was announced today by George R. Wells, president.

He is a speaker of unusual power and ability, according to Wells, who pointed out that, as a special representative of the J. C. Penney company, Dr. Short finds opportunity for visiting many sections of the country.

"Religion in Business" will be the topic of his discourse here. He today delivered the same address to the Kiwanis club at Anaheim.

"Dr. Short possesses a rare knowledge of human nature and his frequent punctuations of keen humor serve to intensify the effectiveness of the message," said J. C. Lansdowne, manager of the local J. C. Penney store, who heard the speaker in an address last evening to managers and employees of the Southern California stores at a meeting of the group held at Pomona.

"He speaks straight from the shoulder, fearlessly and with unusual brilliance and power. His dynamic personality, coupled with his experience as pastor of some of the strong churches of the west, including Portland, Salt Lake City and Spokane, attracts and holds the interest of every audience."

"Although the J. C. Penney company is ever anxious to contribute to community life, it is physically impossible for Dr. Short to fill all the speaking engagements requested of him by community and civic clubs."

Dr. Short has traveled extensively and has rendered efficient service in both Y. M. C. A. and college administration work.

## MANY TO ATTEND SHRINE CEREMONY

Several hundred shriners of Orange county today were making preparations to attend the ceremonial of Al Malafkah temple, to be held in the horse arena at the Ambassador hotel, Los Angeles, at 8 o'clock tomorrow night, it was announced today by C. J. Cogan, president of the Orange County Shrine club.

Cogan said that a special train of two cars would leave Santa Ana over the Pacific Electric at 6 p. m. tomorrow, the starting point being the corner of Fourth and Main streets.

The train leaving here will be for the accommodation of Shriners of Santa Ana, Huntington Beach, Laguna, Orange and Garden Grove. A special car will be run from Fullerton, over the same line, and departing at the same hour. The car will provide transportation for Shriners in the north end of the city who may prefer to go to the city by electric car.

The ceremonial will be a big feature in shrine circles. While a number of novices will tread the hot sands, none will be from Orange county, so far as is known here.

Barbara, Dr. Cubecelres is a graduate of Tufts college, Mass., and Mrs. Cubecelres holds a diploma from the New England Conservatory of Music. They are touring Southern California and will return to the east by way of the Panama canal.

Arrivals at Hotel Santa Ana include C. T. Templeton, Los Angeles; J. P. Woodward, Los Angeles; Mr. and Mrs. L. L. Duney, San Diego; Joseph A. Ruegg, Riverside; Mr. and Mrs. R. O. Hunter, San Diego; Mr. and Mrs. W. H. Crooks, Escondido; Mrs. J. L. Turner, Chula Vista, Calif.; S. R. Tyson, Hemet.

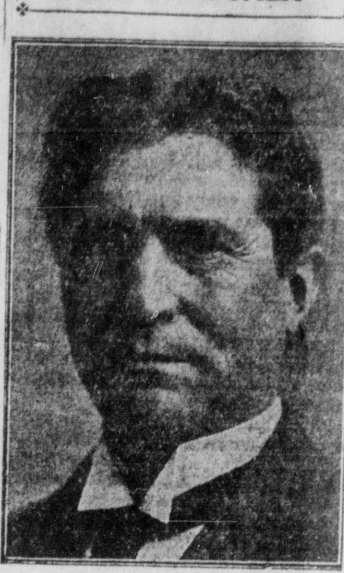

Miss Ada Barclay of Cleveland, O., and her sister, Miss Ella Barclay, also of Cleveland, and Washington, D. C., who have been touring Southern California, are guests at St. Ann's Inn. They are accompanied by their niece, Miss Mildred Sackett, of Cleveland.

Miss Holly Lash is rehearsing a company of 60 for the presentation of "At Dawning," which will be given on Wednesday evening of Easter week at the First Methodist church. She was greatly pleased with the work at rehearsal last night. The First Methodist choir will present Haydn's "Creation" on Easter Sunday night, April 12. The regular choir will be augmented by Mrs. Sally Scales, Mrs. Cecil Fross Willis, Mrs. Hulda Dietz and Lambert Baker of Los Angeles.

Lovers of the innumerable hymns which Fannie Crosby, blind hymn writer, composed during her life-time, will be interested in the fact that today was the birthday anniversary of the famous woman. Protestant churches of the east commemorated the occasion at last Sunday's services. An article on the blind singer, in the current issue of the Christian Herald, has been called to the attention of Register readers by Mrs. Houghawatt, of West Eighth street.

Mr. and Mrs. J. A. George of 1216 North Broadway returned last evening from San Diego, where they went on the sad mission of attending funeral services for Mrs. George's sister, Mrs. Kenneth Crouch, of Taft, who passed away in University hospital, San Francisco, Mrs. Crouch was a bride of seven months, having been married by her father, the Rev. W. E. Crabtree, veteran minister of San Diego. The Rev. Mr. Crabtree's 31 years of service was celebrated by a trip around the world to him and Mrs. Crabtree. The sad news of their youngest daughter's death reached them in Italy. They are now on their way home.

## WILL GIVE TALK

Dr. Francis Burgette Short, who will address the Kiwanis club tomorrow on "Religion in Business."

## DISCUSS PLAN TO ESTABLISH NAVAL ARMORY

Preliminary plans for erecting a community-owned armory, to be used by local units of the U. S. Naval reserve, National Guard, R. O. T. C., Boy Scouts, and other organizations, were discussed last night at a conference meeting of naval officers held at St. Ann's Inn.

Commander A. H. Woodbine, of Los Angeles, U. S. N. R., commanding the Naval reserve district, presided over the meeting. Lt. Francis C. Westgate, U. S. N. R., commanding the local unit, attended the conference, which preceded a formal inspection of the personnel and equipment in this city.

Stressing necessity for a suitable building, which could be used for drill and instruction purposes, Commander Woodbine said that, owing to the limited funds of the federal government, such project would necessarily have to be financed by the community. In return for such outlay, the navy would be in position to enlarge its naval reserve activities in this city, supplying more equipment, including airplanes and radio sets, it was explained.

Following the inspection, the officers and enlisted men of the local unit were guests at Walker's theater.

## Britain Faces Dry Drive All Its Own

LONDON, March 24.—The England that laughed when America went dry, now faces a prohibition crusade all its own.

"It is prohibition is a failure in America, that's the sort of failure we'd like to have over here," is the war cry of 37 temperance organizations that have joined hands to straighten out Britain's "bending arms."

With the secrecy and mystery of a Ku Klux Klan convocation, these 37 dry associations have held councils of war in a secluded country house on the outskirts of London.

Such men as former Chancellor of the Exchequer Philip Snowden, Sidney Webb, Lord Astor, conservative, and Isaac Foot, liberal, have joined the crusade and the temperance forces are steadily gathering strength.

## S. A. BARBERS WIRE PROTEST TO HARTRANFT

Disapproval of Senate bill No. 76, better known as the "California beauty parlor bill" now pending in the state legislature, was expressed in a telegram sent last night to Assemblyman Sam C. Hartranft, of Fullerton, by the local barbers' union. According to those familiar with the bill, its enactment would compel every barber, hairdresser and manicurist to be registered and licensed by a state board, created for that particular purpose.

Here is the text of the message: "Journeyman barbers of this local, comprising Santa Ana and Orange, wish to register protest against Senate bill No. 76, and to ask you to oppose its passage. Its operation would only add to overhead, interfere with business and serve no useful purpose."

"Local No. 549, 'IRA K. AKIN, Secretary."

Joe Steele, owner of the Rossmore Hotel Barber shop, who is president of the Santa Ana Master Barbers' association, expressed his approval of the stand taken by the journeymen barbers, and indicated that similar protests will be forwarded today by his organization to State Senator Kline and Assemblyman Hartranft, representing this district.

In this connection, it was added that legislation which would surround the barber trade with red tape regulations would necessarily increase the cost of operation, which, in turn, would be reflected in an upward revision of service charges.

## Business Women's Club

Yesterday's meeting of the Business and Professional Women's club offered an unusual feature to the members all of whom were interested in the tour of the new Orange county jail upon which they were conducted by the guest of honor, Sheriff Sam Jernigan.

There was no special program at the luncheon at St. Ann's Inn which preceded the tour of inspection, but some of the club songs were sung with Mrs. O. M. Robbins, a guest, acting as accompanist, in the absence of the club pianist, Mrs. Helen Stedman. The most of the luncheon interval was devoted to friendly chat and introduction of the guests who included Mrs. Robbins, Mr. Jernigan, Miss Nelle Sumner and Master Howard Brown who was introduced as the Christmas present falling to the fortunate lot of Mrs. Susan Rutherford.

Sheriff Jernigan took a few minutes at the close of luncheon, to tell the assembled Business Women something of what they might expect to see in their tour of the \$200,000 jail, which, contrary to custom, had been built without a bond issue, with enough money in reserve to enable the supervisors to add the new unit of the county buildings in place of the old jail after it is abandoned and razed.

It was with keen interest that the club members went through the corridor after corridor of the building, escorted by Sheriff Jernigan and Orin Moncrief, jailer. The mechanical locking devices, the unexcelled sanitary features, the sunny corridors, the kitchens where food will be prepared for the inmates all come in for their share of attention.

Many interesting details were told such as the fact that there are but five keys necessary to locking or unlocking the entire jail; that there were but three persons hired by the county as

## Rankin's Bargain Basement

Fourth and Sycamore

## Every Day is Bargain Day

WE want you to feel that you can step down to the Bargain Basement on EVERY shopping trip to the store and pick up a bit of this or that to fill a current need. New goods are coming in every day and you should naturally visit the Basement often, but there is such a variety that there will ALWAYS be something you need at a very low price. There's no one to hurry you into a decision—you can do just as you like, leisurely!

## Aprons, 69c

As neat and pretty little styles as you ever saw in Gingham House Aprons; trim, youthful styles, and nicely made. A truly big value at 69c.

## Towel Ends

Mill ends of imperfect towels with imperfections cut out and ends hemmed; they're from the Cannon Mills; three grades priced at 5c, 10c and 15c each.

## Towels, 29c

Turkish bath towels, of good size, 20 inches wide by 28 inches long; excellent quality; a very fortunate purchase; 29c each or 4 for \$1.00.

## Crash, 19c

## Lecturer Will Give Talk On Willys-Knight

F. W. Lawton, nationally known lecturer, will give an illustrated lecture on the Willys-Knight automobile tonight, at 8 o'clock, at the agency headquarters, 902 North Main street, it was announced to-

day by Ray Schanbals. Willys-Knight and Overland dealer. The lecture will be free and men and women are invited.

Lawton has been closely associated for years with Charles Y. Knight, the inventor and patentee of the sleeve valve motor, and is thoroughly qualified to discuss this motor, the dealer said.

"Lawton undoubtedly is one of the best informed talkers in the automotive industry on the internal combustion motor, and will

speaking on the history, design, construction and advantages of the sleeve valve motor," Schanbals said. "We can assure those attending a very pleasant and instructive hour."

**LOSSES DECISION.**

J. O. Thomas, of Seal Beach, yesterday lost a court decision to the Seal Beach Oil company, at the trial of his suit for \$306 on account of alleged services. Superior Judge Z. B. West gave judgment in favor of the defendant.

## TELL STORY OF ASSERTED FEUD IN ARDEN SUIT

The story of the "woodland feud" in the Forest of Arden, two years ago, when pretty Mrs. Virginia Lee Cookson was arrested after a heated dispute over a pipe line, continued to unfold itself today in Superior Judge R. Y. Williams' court, with diverting trips along alluring side paths, off the main issue of a \$50,000 damage suit. Mrs. Cookson filed the damage suit for alleged false arrest, naming the Modjeska Ranch company and its manager, Charles H. Mann, of Long Beach, as defendants.

On one such excursion off the main path of controversy, attorneys for the defense made pointed inquiries of Mrs. Cookson, on cross-examination, regarding her marriages. She admitted that she had had "more than five" husbands.

Charles Mann was on the witness stand today as the defense started presenting its case. He described circumstances and agreements connected with the sale of land to Mrs. Cookson in Harding Canyon, and details of the pipe line controversy that culminated in the ranchwoman's alleged daring invasion of the enemy's camp, to connect her pipe line with the company's reservoir, and then stand watch over it.

Mann also testified regarding the arrest of Mrs. Cookson, on his complaint. He denied he was moved by malice to bring the charge against her, and said he had been advised by the district attorney that an offense had been committed. Neither did he give interviews to any newspaper regarding the matter, he said.

Various newspapers, at the time, published accounts of a handsome woman, in male attire, standing guard over her pipe line with a shotgun. Mrs. Cookson denied being armed.

## Charge Canyon Resident Stole Dog Worth \$500

Charged with stealing a police dog, said to be valued at \$500, John Godell, who resides on the Alta Vista ranch, Santa Ana canyon, was arrested late yesterday by members of the sheriff's force.

Godell was arrested on a Los Angeles county warrant, charging grand larceny. The dog, property of Mrs. H. Quackenbush, 223 East Park street, Bellflower, was said to have been found on the ranch by officers when they instigated a search. The dog was said to have been stolen from the Quackenbush place last Saturday night.

Mrs. Quackenbush was the owner of two police dogs, both of which were stolen. One of the dogs, valued at \$300, has not been recovered.

Officers who aided in the arrest of Godell were Chief Criminal Deputy Ed McClellan and Deputy Sheriffs Jesse Elliott, Ray Bradford and F. G. Yoder.

## S. A. COLLEGE TRACK MEN IN MEET AT L. A.

With the Southern California junior college conference meet in the offing, the tracksters of the Santa Ana junior college were holding a light workout today against the varsity non-lettermen of the University of Southern California at the coliseum in Los Angeles.

The eight men of Coach Ray Adkinson's squad reinforced by Weber, English and Vawter were to make the trip today. On the list

were Claves, Morris, E. Lutz, J. Lutz, Armstrong, Ritner, O'Brien and Fitz.

Next Saturday the collegians are to enter the final seasonal track event in the conference meet to be held at Pasadena. Intensive training for the rest of the week is the decree of Coach Adkinson who is rounding out a contending championship team.

## He Got Acquainted with his Newspaper

"AFTER having known only the front-page headlines for the past five years, I am renewing acquaintance with my morning newspaper."

The speaker was one of a group of business men gathered at a downtown luncheon table the other day. Someone had started the old topic of traffic congestion and the increasing difficulty of driving between home and office.

"I began beating that several months ago," said the man quoted in the previous paragraph, who went on somewhat as follows:

"It was getting so that my drive downtown was making inroads on the energy I needed when I arrived at my desk. So one day I decided to put my problem of transportation up to the Pacific Electric. And ever since I've been wondering why I didn't do it long before.

"Now I get on a Red Car every morning and relax into a half-hour's undisturbed enjoyment of my news-

paper. If the day is warm, I open the window and enjoy the fresh air at the same time. Otherwise I am comfortable inside where it is warm.

"A good reliable chauffeur up front gets me to town on the dot, without further thought on my part. It beats battling traffic, getting the car parked, and arriving anywhere from ten minutes early to fifteen minutes late."

Comfort of passengers is the first consideration of those responsible for the operations of The Red Cars.

There are 870 of these cars in active service, the average cost of which is \$25,000 per car, many costing as much as \$45,000. No finer equipment exists in the United States. Nor is any other community afforded a more dependable, more convenient, more economical means of transportation.

Money, as well as traffic worries, are saved by the riders of The Red Cars.

## Police News

Juana Saldana, charged with possession of intoxicating liquor, was given a hearing before City Recorder J. F. Talbot yesterday. Her bail was fixed at \$200. Trial was set for March 25, at 10 a. m.

Most cases in police court yesterday were for alleged violations of city ordinances pertaining to parking. Following are the cases of which disposition was made: Fred Miller, cutting corner, \$5; Mrs. W. B. Dennis, parking overtime, \$2; F. D. Drake, 1059 West Sixth street, parking overtime, \$2; O. E. Walker, 1402 Spurgeon street, parking overtime, \$2; F. Vandevoot, parking overtime, \$2; H. S. Pankey, parking overtime, found not guilty; C. M. Wilder, 841 North Van Ness, parking in restricted district, \$3.

Burglars who entered the home of H. Spicer, 1223 Greenleaf street, Sunday night, were yesterday reported as having been frightened away without robbing the house. Another report afterward filed with the police, was to the effect that a diamond ring and a wedding ring, belonging to Mrs. Spicer, were stolen by the thieves. Much clothing, piled on the floor on a silk bedspread, which the burglars did not take, led Spicer to believe that nothing had been stolen, when the first report to the police was made.

C. V. Ross, 811 South Ross street reported to police yesterday that an automobile belonging to him had been stolen while it was parked on a street in Long Beach yesterday. Long Beach police were notified of the theft.

## Fingerprint Man Claims Prisoner Has Fresh Name

The name of James A. King did not evoke any response from Jesse A. Bennett, a prisoner in the Orange county jail today, when Jailer Joe Irvine called Bennett by that name, and it was not until the name "Bennett" was called that the man answered.

Names are easily changed, but fingerprints are not, and because of this, Herman Zabel, superintendent of the county bureau of identification, declares he learned that Bennett used to be King, and that he was sent to San Quentin on Sept. 28, 1916, from Siskiyou county, for forgery. He further discovered, he said, that Bennett, or King, was paroled on Oct. 15, 1917, and that on Feb. 1, 1918, circulars were sent over the county accusing him of violation of his parole.

Bennett, who is in jail here on

a charge of issuing a fictitious check, on complaint sworn to by P. B. Bonds, denied that he was ever King, and when shown his own picture, exclaimed "that's not I."

"But finger prints do not lie," said Zabel.

Zabel is today writing to San Quentin to learn more particulars about the prisoner.

Saturday Was Chosen For Quiet Wedding Of Young People

The utmost simplicity marked the Saturday nuptials of two prominent young people of the city, Burton G. Wright, son of Mr. and Mrs. George L. Wright, 331 Minter street, and Miss Gladys Blakeley, daughter of Mr. and Mrs. William A. Blakeley, 634 West First street. The engagement of the young people was announced several weeks ago and Miss Blakeley has been the incentive for a number of pleasant social affairs arranged by her young friends in honor of the betrothal and approaching marriage. She had admitted that the wedding was to be a spring affair, but few of her friends anticipated it as a March event.

The Rev. Will A. Betts was officiating clergyman at his home on Spurgeon street, where the solemn rites were read just at 6 o'clock Saturday evening. Miss Blakeley was lovely in beige georgette with wrap of a slightly darker shade. Her hat was of rose, and mingled with the violets and maidenhair fern of her corsage bouquet, were sprays of orange blossom. Blonde shoes and hosiery and a marlin fur completed a costume most becoming to her blonde beauty.

Immediately after the ceremony, Mr. and Mrs. Wright left by motor for San Diego where they spent a pleasant week-end, returning to this city in time to take up the usual routine of duties connected with the Wright Transfer company, Monday morning.

Mr. Wright is manager of the company with which he has been connected since completing college work taken at Oregon Agricultural college and at the University of California at Berkeley. His bride too is a Polytechnic High graduate and was formerly a valued member of the business office of The Register, more recently having been in the office of the Wright Transfer company.

When Mr. and Mrs. Wright reached this city Sunday night, they went directly to the new home, 1712 North Ross street which was complete in every detail and all in readiness for their return and the beginning of housekeeping. There they will be at home to their scores of friends.

Her eighty-first birthday was made very happy indeed yesterday for Mrs. Elizabeth Mills, when countless friends took the opportunity of dropping in for a few congratulatory words at the Theo. A. Winbiger home on East Ninth streets, where Mrs. Mills is with her daughter, Mrs. Winbiger.

The calls were all purely impromptu and though the afternoon which also yielded a wealth of exquisite flowers for dear "Mother Mills" to say nothing of scores of cards and booklets from absent friends in Missouri and elsewhere.

Miss Della Watson who recently gave such pleasure to Book Review members with her masterly analysis of the personality and works of Anatole France, has been secured as the speaker at Friday's general meeting of the Delphian chapter at 2:30 o'clock at Ebell club. Miss Watson, head of the modern languages department at Santa Ana Junior college, will repeat her talk on Anatole France with extracts from various of his books.

Each member of the Delphian chapter will be privileged to bring a friend to share in the enjoyment of the program.

All business men and women who are accustomed to lunching downtown, are anticipating the hot luncheon which the Women's auxiliary of the Church of the Messiah is presenting tomorrow at the parish rooms of the church. Serving will begin at 12 o'clock midday and the menu will include pot roast of beef, vegetables, brown gravy, hot biscuits, salad, dessert and coffee, all for a very nominal sum.

Attention of all members of Ebell's second Household Economics section has been called to the change in date of the April meeting. The original date of April 8, because it coincided with spring vacation, has been changed to April 15 when the section will meet for 1 o'clock luncheon at the clubhouse with Mesdames Clyde Walker, Nat Neff and Emrys D. White as hostesses.

BOBBED HAIR looks wonderful with the tiny tint of Golden Glint Shampoo.

Happy Group of Girls Enjoy Irish Party At Robbins Home

When a number of happy young girls responded Saturday afternoon to party invitations by gathering at the Mac Robbins' home, 2063 North Main street, with Miss Katharine Robbins as their hostess, they found everything in readiness for an Irish party with themselves and their young hostesses to play the pretty Irish melodies.

All decorations in the pleasant home were arranged to suggest the St. Patrick season with floral decorations of white lilies and plum blossoms harmonizing beautifully.

The lively games which followed each other in rapid succession were directed by Mrs. Robbins who entered into the pleasures of the afternoon as enthusiastically as did the young friends.

At the refreshment hour the luscious members of the group gave a musical program. Piano numbers were played by the Misses Dorothy Ramsey and Katherine Chapman while Miss Peggy Warburton played the violin and Miss Katherine Barr gave some entertaining readings.

At the refreshment hour the effect was made especially attractive by gay nut-cups, favors and other appointments all in vivid green, while coquettish little green caps were donned by each Irish lassie.

Enjoying the afternoon with Miss Katharine were the Misses Helen Wieseman, Katherine Barr, Gertrude Chapman, Katherine Chapman, Dorothy Ramsey, Peggy Warburton, Jessie Warburton, Georgia Bell Walton, Marjorie Walton, Mabel Wilson, Frances Tibbets, Ruth Ellen Dunlap, Clare Herr, Winona Pumphrey, Margaret Mercereau, Leona James.

Enthusiastic Spirit Shown at Charter Day Dinner

It was a particularly enthusiastic crowd of former students and "old grads" of University of California which assembled at the California hotel in Fullerton last night to dine in celebration of charter day.

Approximately sixty guests joined in the college songs and yells which marked the opening hour, and which were led by Dr. Matner of Fullerton. Telegraphed greetings from Robert Sibley, executive manager of the alumni association in Berkeley, were read aloud to the interest of all. Among business matters discussed was the recommendation of Captain Nelson Holderman for the post of military director at Southern Branch.

After two delightful songs, "Be-cause" and "Greetings" sung by Miss Norma Lovring, Fred Porgy of the class of 1921, president of the county chapter, introduced Stanley Reinhaus, class of 1911, as toastmaster, and a number of interesting talks followed.

J. H. Prizer a Pomona man, spoke of the choice of the new location of the University in the south, telling of interviews with President Campbell and other northern officials. Fred Moyer Jordan, president of the associated students of the University at Los Angeles, talked on ideals and dreams for a greater university at Westwood, Beverly Hills, especially after the College of Letters and Sciences and the College of Engineering are moved to the new site. The alumni pledged its enthusiastic support to the college.

F. W. Cunningham, manager of the associated students, spoke of the high athletic record of the university and told of games with St. Mary's and Stanford scheduled for the coming season.

Listening in on the radio to speeches and music at the Oakland celebration and a final chorus of "All Hail" brought the delightful evening to a close.

Listening in on the radio to speeches and music at the Oakland celebration and a final chorus of "All Hail" brought the delightful evening to a close.

Distinguished Guest Is Presented With Gifts In Silver

St. Ann's Inn was the scene of a charmingly planned dinner last night when Mrs. Ada C. Walters, worthy matron of Santa Ana chapter O. E. S. and her worthy patron, William Dean, were hosts honoring Mrs. Rachel Kerr Robbins of Fullerton, district deputy grand matron who later in the evening made her official visit to Santa Ana chapter.

Richly beautiful red roses centered the attractive table where the enjoyable dinner was served at 6:30 o'clock. Other attractive appointments such as place cards, nut-cups, and dinner favors were in the same rich color. Places were laid for the hosts, Mrs. Walters, Mrs. Robbins and her husband, H. W. Robbins, patron of Fullerton chapter, Mrs. Pearl Garrison, matron of Fullerton chapter, and the official family of Santa Ana chapter.

Repeating to the chapter room in the Masonic temple the party found approximately 300 members and visiting Eastern Stars gathered for the inspection ceremonies and also the initiation of several new members.

Mrs. Robbins carried the beautiful arm bouquet of Japanese iris and daffodils which had been her dinner favor. She talked on the theme of "Friendship and Love", giving what all declared to be one of the most pleasing addresses ever heard in the chapter room.

On behalf of the Santa Ana chapter, Mrs. Dean presented the distinguished guest with a set of table spoons in the pattern of her table service. This gift was followed by two other handsome ones, a ladle from Mrs. Walters and a meat fork from Mrs. Dean, both in the pattern of the spoons.

Following the business meeting and the friendly interval of gift-giving, Mr. and Mrs. Robbins were honored by being asked to head the grand march leading to the banquet room where jello, cake and coffee were served.

Local Vocalist Will Concertize With Cadman

Pleasing news for music lovers of Santa Ana and Orange county is that Charles Wakefield Cadman, well-known composer of beautiful Indian music, and Mme. Manuela V. Budrow, Spanish prima donna soprano of this city, are planning to concertize this summer in various cities of the southland. The two artists worked together some years ago in Los Angeles, and their programs proved very popular and successful. Mme. Budrow plans to sing some of Cadman's music.

Cadman and the Princess Tsarina are now in New York city, where the composer's latest opera, "The Garden of Mystery," opened at Carnegie hall on March 20. The composition is a one-act grand opera under production by the New York Music school settlement. It is written for five solo voices, without chorus, and is headed by a notable cast including Carolyn Lazzard, contralto; Yvonne de Treville, soprano; Ernest Davis, tenor; Charles Carver, bass and Hubert Luscott, baritone. The artists are supported by the New York Philharmonic orchestra, with Howard Barlow as director. Mr. Cadman and the Princess have been filling an engagement at the Capitol theater in New York city.

Following the business meeting and the friendly interval of gift-giving, Mr. and Mrs. Robbins were honored by being asked to head the grand march leading to the banquet room where jello, cake and coffee were served.

The Quest of Beauty Leads to

## Elizabeth Arden

Poudres

Elizabeth Arden's powders, exquisitely fine not to clog the pores, delicately tinted to blend perfectly with the skin—are indispensable to the woman of refinement.

The desire to be beautiful is older and stronger than the desire to be either modest or comfortable. And your face, with or without beauty, is more nearly you than anything else in your whole personality. Elizabeth Arden's thought is to enhance the face; to make it pleasant to look upon. Follow her methods, through consultation with the White Cross.

Each Arden Venetian preparation is compounded for some specific need of the skin. Elizabeth Arden was probably the first authority to condemn the use of an all-purpose cream and to develop her

complete group of special preparations to fulfill every need and to correct every fault of the skin.

The White Cross carries the complete Arden Venetian line.

## Walk-Over

SHOES for Men and Women

Relief and Princess Pat

STYLE SHOES IN COMFORT SHAPES

A secret of foot beauty  
and shoe comfort

IN this picture you see one reason why Walk-Over Relief and Walk-Over Princess Pat are such comfortable style shoes—that is correct heel height.

When you lie down and relax, notice that your extended foot takes an easy, natural and comfortable position much the same as in this picture.

When you think of comfortable heel heights, remember this comfortable position of the foot. You can see that heels should not be flat upon the ground—too low—nor should they be too high. Walk-Over has determined the correct heel height for comfort and you find it in Relief and Princess Pat.

Princess Pat and Relief have heels that are correct—low enough for comfort, and high enough for ankle beauty. Princess Pat is the shoe with the straight inside line that fits the normal foot. Relief is extra-wide across the tread. Both have the famous Walk-Over narrow fitting heel that is as smart as it is comfortable.

You will find these two famous shoes, in many smart styles, here at the Walk-Over store.

## PAYS TRIBUTE TO ABILITY OF SCHOOL HEAD

Tribute to his ability as a progressive educator and to his long and successful career is paid J. A. Cranston, city superintendent of schools, in a lengthy article describing the Santa Ana public school system, appearing in the March number of the Western Journal of Education.

Touching upon his long record of service in this city, the article says: "John A. Cranston, city superintendent of Santa Ana schools, during the spring of 1925, is rounding out his 19th year as an eminently successful administrator in one of the fast-growing small cities of Southern California. It is noteworthy that of all the superintendents of California, Mr. Cranston holds the record of being one of the longest to ably administer in one city."

Keeps Abreast of Times. "This length of administration is due largely to the fact that Mr. Cranston has kept the Santa Ana schools abreast of the times. In fact, he has been a little ahead of the times and in some of his innovations he has been doing things that others have followed some five or six years later."

"Mr. Cranston accomplishes his purposes quietly and without much ado. Santa Ana, now a town of about 20,000 people, believes in education and its support of a fine building program has been amply justified."

Allusion is made to the fact that Cranston was one of the first superintendents in California to have his board of education housed in a separate administration building on school property. This arrangement, it was ascertained, has saved the taxpayers many thousands of dollars which otherwise would have been paid out in rentals for office quarters.

Instigated Meetings. Mention is also made of the fact that he was the instigator of meetings of the superintendents of the smaller cities in Southern California for the purpose of discussing mutual problems. These meetings have proven of much value.

Considerable space is devoted to the reorganization in 1914 of Santa Ana's elementary schools on the departmental plan, which the article says was one of the outstanding features of his administration.

## ANGEL REGULARS TO PLAY AGAINST CUBS

LOS ANGELES, March 24.—The line-up that was to take the field against the Chicago Cubs here this afternoon will be the one that will open the season for the Los Angeles Pacific Coast league club, Manager Marty Krug announced.

"Bim" Myers and George Payne, veteran right handed pitchers, were to divide the twirling duties. The remainder of the team will take the field in the following batting order: Whaley, 3b; McAuley, ss; Twombly, cf; Horan, rf; Grimes, 1b; Hood, lf; Spencer or Sandberg, catcher, and Beck, 2b.

The Angels will play the Cubs Tuesday and Wednesday. Vernon plays the Bruins on Thursday and Friday and the Seraphs conclude the series Sunday. The Pittsburgh Pirates open here Tuesday and Wednesday of next week against Vernon. Los Angeles takes the middle of the week dates against the Corsairs and Vernon will conclude the series.

## Coolidge Orders National Guard Money Held Up

WASHINGTON, March 24.—President Coolidge has ordered all expenditures of the \$1,322,000 appropriated by congress to pay for National Guard Army drill work held up pending an investigation to determine advisability of making such payment.

The appropriation was carried in the deficiency bill passed by congress before adjournment and the president now wishes to ascertain how the money is to be distributed and what the necessity was for its appropriation. National Guard units throughout the country were hard hit by the order.

## Local Cyclists Capture Honors

Edward Adams and Harold Smith, teammates from Santa Ana, took first place honors on the Culver City bicycle race course last Sunday. Parker Adams and Chester Dysart, another Santa Ana team, took second place. The race was 20 miles. Each rode a lap and then dropped out to rest.

Kirby Temple, Santa Ana, finished second in the four-mile run. These boys are all members of the Orange Blossom wheelmen.

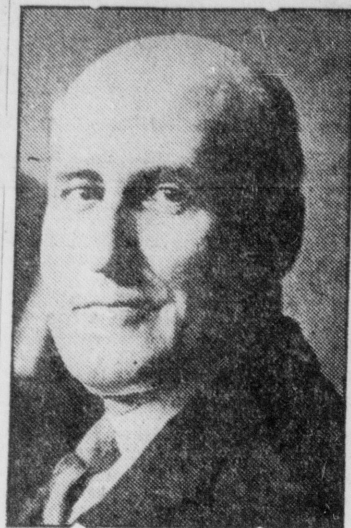

## Kennedy Resigns Matchmaking Job

LOS ANGELES, March 24.—Tom Kennedy, former matchmaker of the Hollywood American Legion stadium, plans to turn promoter and manage a boxing stadium in Los Angeles. Kennedy's resignation has been accepted and becomes effective Saturday.

Constantinople's old imperial palace, which dates back to the 16th century, now is used as a museum and storehouse for national treasures.

## S. A. TEACHER IS AUTHOR OF SCHOOL BOOKS

W. N. Andersen, instructor in the Santa Ana high school and junior college, is the author of "A Manual for School Officers," which has just come from the press of the Century Publishing company, New York.

After an experience of years as superintendent and principal in small school districts of Iowa and Kansas, and a close study of school problems, Andersen has written his book from a comprehensive and practical standpoint.

An unusual distinction is claimed by the high school teacher in having written what is thought to be the first book dealing with the smaller school systems in the nation's educational program.

Covers Small Schools. "I think that I can safely say," Andersen observed, "that all other books previously published are applicable only to city school systems, while the numerous small schools have been entirely neglected."

No untried theories and radical reform measures are suggested in the book, but the effort is made to present only problems arising in practical experience. The subjects treated include a wide range of questions, varying from the organization of the school to the establishment of a student school paper.

Writes Spelling Books. Other books by Andersen include two spelling manuals. One was adopted by the department of public instruction in Iowa. The author is a graduate of the University of Iowa, with a doctor of philosophy degree.

Andersen's literary success is a matter of pride among the faculty and students at the high school. The Century Publishing company has the reputation of accepting only good material. It has added Andersen's book to the regular Century Educational series, edited by Charles E. Chadsey.

## FRANKLIN P.-T. A. WILL GIVE PLAY

On next Thursday afternoon and evening, the members of the Franklin P.-T. A. will give a play in the kindergarten room of the school.

Considerable time and effort have been given by the members to make their production a success. It is expected to be thoroughly entertaining from start to finish and if any one enjoys a bit of real fun, it is pointed out, they should not miss this play, portraying the vicissitudes of the "newly-wed" and the very laughable situation of "Aunt Sallie" who becomes the unconscious witness at the wedding ceremony of her niece to whose marriage she so seriously objects.

Mrs. J. H. Stewart, president of the P.-T. A. takes the part of the "Marrying Squire" and every member of the cast is a lady of the P.-T. A. very much in disguise. A full program of this fine entertainment of fun and frolic will appear in the Register Wednesday. It is expected that a full house will greet these players in their first performance before a Santa Ana audience.

The financial returns will be used for the purchase of chairs needed since the unusual growth in membership of the Franklin P.-T. A. during the present school year.

## INDICATE FURTHER DECREASE IN TAXES

WASHINGTON, March 24.—Additional figures showing tax reduction will be possible during the next fiscal year have been given out by the treasury department.

Nearly \$430,000,000 was received in the three months ended March 15. This is close to the figure set in treasury estimates as the necessary receipts to make possible a \$70,000,000 surplus at the end of this fiscal year and a \$373,000,000 surplus in the 1925 fiscal year.

It is on the expectation of such surpluses that officials hope to reduce taxes. It is expected that income tax receipts for the fiscal year ending next June will be \$1,660,000,000.

## FATE OF DEUEL BILL STIRS UP INTEREST HERE

With Assemblyman Sam C. Hartman, of Fullerton, presiding over the meeting as chairman of the assembly committee on education, arguments for and against the much discussed Deuel bill were aired at a meeting held last Friday afternoon, according to advice received here. The Deuel bill believes the state superintendent, Will C. Wood, of certain important duties, and further creates the position of director of education at a salary in excess of that allowed the state superintendent.

Because of state-wide interest in this measure, particularly in educational centers and in the ranks of the P.-T. A. and woman's clubs, the fate of the bill is being watched with the closest interest here, as well as elsewhere. Added to this interest is the fact that the fate of the bill will depend in a great measure on the attitude of the chairman of the committee on education, who happens to be an Orange county legislator.

Meeting Deadlocked. Owing to a marked difference of opinion as to the advisability of the bill, the meeting resulted in a deadlock with the committee.

More than a score of prominent women, and probably as many men, representing societies of educators from all sections of the state, crowded the committee room in which the hearing was held. Lined up in favor of the bill were Assemblyman Charles Deuel, its author; Assemblyman Sam C. Hartman, of Fullerton, representing this district, and chairman of the assembly committee on education; F. J. O'Brien, a member of the state board of education, reported to be opposed to State Superintendent Will C. Wood; Assemblyman Frank L. Ekwad, administration floor leader, and the Rev. D. C. Williams, former assemblyman.

Oppose New Bill. On the other side of the fence, and registering determined opposition to the Deuel bill, were E. P. Clarke of Riverside, chairman of the state board of education, and a member of that body for 12 years; Mrs. Paul Eliel, representing the educational committee comprising representatives of the W. C. T. U., the Congress of Mothers and P.-T. A., the different women's clubs and kindred organizations; Mark Keppel, superintendent of schools of Los Angeles county, representing the California Teachers' association; Assemblywoman Anna Saylor; A. R. Clifton, of Monrovia; Mrs. Hugh Bradford, of Sacramento, and Assemblyman Walter Schmidt.

Vigorous opposition was voiced by the women representatives, particularly Assemblywoman Anna Saylor, and Mrs. Bradford, the latter representing the P.-T. A. organizations of the state. According to advice received here, Mrs. Bradford declared that the organizations she represents are opposed to the bill because it doesn't make for harmony, it doesn't make for efficiency, and it doesn't remove the schools from politics.

Radio supplies at Hawley's.

## Special Services To Be Continued Throughout Week

Special evangelistic services were held every night last week, except Saturday, in the United Presbyterian church by the pastor, the Rev. Dr. McPeak, and are being continued each night this week. There was a good-sized audience present last evening to hear the preacher, the Rev. John Calhoun, of Long Beach, who will conduct all the services this week.

The Rev. Mr. Calhoun is no stranger to the United Presbyterian congregation, for he filled the pulpit last summer during the absence of the pastor on his holidays, and on a previous occasion preached a preparatory communion sermon.

Those who were present last evening enjoyed a genuine gospel treat. Mr. Calhoun, it is asserted, has a way of presenting his subject that is more than ordinarily convincing and his many truisms are driven home with a force that makes one do a good deal of spiritual thinking. It is declared. In his sermon last night, he made passing reference to the patronizers of the golf fields. He said that on last Sunday before 7 o'clock in the morning more than 100 automobiles were in a golf field outside Long Beach; and he wondered oftentimes if this republic of America was not on the verge of being a Godless nation. The hope of the church and of civilization was in the rising generation, he said. Men needed the church, and the church needed men—men who would and should make a contribution to its welfare and vice versa. They were anxious to protect themselves with life insurance, but not so with the protection that is unpurchasable, the pastor asserted.

## Use Lemons to Whiten Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier. Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

## ASSEMBLY COSTS \$103,340 TO DATE

SACRAMENTO, March 24.—Expenses of the state legislature to date, exclusive of printing, total \$103,340.93, a statement prepared

by State Controller Ray Riley shows. The assembly proves the more expensive of the two houses, having expended \$62,869.96, as compared with \$40,470.97 spent by the upper house. Only eight measures have been finally passed and considered by the governor, of which number four were vetoed. Only one major proposal has received the sanction of the chief executive.

## Women's 16-Jewel White Gold Wrist Watches only \$9.75

Now you can get that wrist watch you have wanted these many days. We offer fine little 16-Jewel white gold wrist watches that are fully guaranteed timekeepers at the extremely low price of \$9.75. Several styles to choose from and every one a regular \$15.00 value.

## New Boxed Writing Papers Special at 65c, 75c, 95c

# To Automobile Dealers

(An Open Letter)

Why are you so particular in only displaying to prospective customers and the public, spic and span cars that are burnished and polished to the nth degree?

Is favorable appearance so vital in selling? Does it justify and warrant all the effort expended?

If good appearance is so essential in creating favorable first impressions for automobiles, is it illogical to say that your salesmen should also make good appearance their personal creed?

A neat attractive appearance is an asset to any business man, especially for those who sell to the public.

From top to tire an automobile must look its part. From hat to shoes salesmen should dress the part—making this their creed—

**Dress Well and Succeed**

# ALL IS READY FOR OPENING OF CIRCUS IN Y GYMNASIUM

Performance to Be Held In Association Building Friday, Saturday Nights

## HIGH SCHOOL BAND TO FURNISH MUSIC

Freaks and Curiosities Will Be Side Show Attractions Each Evening

Ralph C. Smedley, general secretary of the Santa Ana Y. M. C. A., announced today that all arrangements have been completed for the first "Y" gymnasium circus ever held in this city, to be staged at the association building on Thursday and Friday evenings of this week.

From the program prepared for the event, and the quality of work exhibited at rehearsals, it promises to be an outstanding affair, not only as amusement, but as a demonstration of the work and recreation and health culture carried on by the organization.

## Lay Stress on Atmosphere.

While interest centers in the big show in the gymnasium, sideshows and other customary circus attractions are provided, to give the proper atmosphere. Members of the women's department have the sideshow in hand. They promise to have all sorts of freaks and curiosities on exhibition from the palmist and the fat lady, clear through the list. The sideshow attractions will be open each evening at 7:30 o'clock, while the "big tent" opens its doors at 8, and the circus program starts at 8:15 sharp.

Another committee of the ladies will handle the concessions on the lot. They plan to have a complete line of circus refreshments, candy, popcorn, peanuts, red lemonade, ice cream cones, and the like. The sale will be in charge of members of the Girls' Reserve clubs, who will offer home-made confections for sale in order to increase their funds for the Asilomar conference next summer.

## High School Band Engaged.

The circus would not be complete without a band, and so arrangements have been made to bring the high school band, directed by Professor Mustel, for a special engagement with the circus. The band will be heard each evening at 9 o'clock in a "grand, free open-air concert" in the gymnasium, and also will furnish the music for the opening number of the show, when the entire company makes its appearance in festive array.

## Song Service to Feature Meeting

Evangelistic meeting in the First Baptist church, corner Church and Main streets, will be featured tonight by a song service under direction of Miss Rita Gould. A large chorus choir will sing a special number, "From Every Storm Wind," with Mrs. H. M. Sammis singing the solo obligato. Following the song service, Miss Amy Lee Stockton will speak on the subject, "Moving Forward by Going Backward," or Victory Through Retreat. Last night was "Rally night." The different organizations sat together and responded, when called upon, by reciting in unison a verse of Scripture.

White Rock Water—at D. L. Anderson Co., Phone 12. Free delivery.

# WRITER, IMPRISONED BEHIND BARS, FINDS JAIL LIFE IS NOT SUCH A LARK AFTER ALL

By ELEANOR YOUNG ELLIOTT

Clang! And the heavy steel gratings closed with a relentlessness that I had never dreamed possible for inanimate metal to express.

I was alone in a cell! White walls stared at me from three sides. From the fourth came a flood of blinding light through the wire-reinforced glass of high skylights. The dull sunlight of a foggy day was cut into geometrical designs on the cement which formed the floor of the cell, by the heavy steel gratings which covered each window and skylight.

What fool said: "Stone walls do not a prison make."

"Nor iron bars a cage?" Sir Richard Lovelace wasn't it? Well, surely Sir Richard was unaware of how frightfully caged one's spirit might be when there was no outlook save between iron bars—not any sight to see but more iron bars—and more iron bars—and more—

I touched the little rings in the wall from which hung suspended the plain white hammock where prisoners like myself were to sleep. Steel hard and steel cold. Sleep? Would one ever be able to sleep amidst so much hardness, so much bitter coldness? The hardness and coldness of cement floors, steel walls, steel bars which slowly closed one in with only memories. Memories of warm sunlight, of soft green grass, of birds with soft plumage, of flowers velvet to the touch. Everything in the outside world seemed soft and yielding in comparison with the stony, unyielding qualities of all that I found surrounding me. Why, even the wide streets through which I had walked so short a time before, in the warmth of the noonday sun, had yielded to the pressure of my foot with a springiness like that of a country roadway.

## Beauty in Prison Cell

I gazed at the one soft and lovely thing within those cell walls—a sprig of ivy geranium that I had plucked on impulse as I wandered through the grounds of St. Ann's Inn, just a scant half hour before. How long would it be possible to keep that bit of life and beauty in an imprisonment and loneliness were to be one's lot?

From down the corridor came the sound of voices. Sheriff Sam Jernigan and Orin Moncrief were bringing a party through the new jail. Thrills of laughter, slightly nervous, were doing their best to offset the creepy feeling among those who hated the thought of such a place being necessary in an enlightened age. A place where one's fellowmen would be incarcerated. Such a place as I was locked in this minute. How humiliating to stand there and be eyed curiously by those with whom I had walked in freedom such a short time ago. We were separated by steel bars not much more than an inch in diameter, but effecting a wider separation, and one that nothing in the world could bridge was the fact that freedom was on one side of those bars—and bondage was on the other. And I was on the wrong side.

## Friends Call on Prisoner

A call came for me. I was wanted in the visitor's room. Swiftly the little elevator bore me downward after a lever had swung the barred door back into its grooves with as awesome a clang as it had closed. I was led into the dimly lighted cubicle from whence came my sole communication with those I loved and who once loved me. Outside stood three misty figures, seen with the indistinct blur of a telegraphic picture. Two women and a small boy. Could they be my own nearest and dearest—and no nearer me than that? "Lift up the lad that I may see him better," I cried, heart sick with longing. They could hear, although even sounds were blurred by the double screen of heavy wire. The child was held high in their arms.

(Continued on Page 8)

# ORANGE COUNTY TAKES JUMP TO SEVENTH PLACE

Leads State In Population Growth, Except For Metropolitan Areas

With the exception of the three counties including the metropolitan areas of Los Angeles, San Francisco and Oakland, Orange county led the entire state in point of population growth since the federal census of 1920, according to a recent state survey, based on school enrollment.

During the five-year period, this county has nearly doubled its population, increasing from 61,375 in 1920 to 114,300 for 1925, a gain of nearly 53,000. In that time Orange county has jumped in population, ranking from tenth to seventh, passing San Bernardino, Sacramento and San Joaquin counties.

San Diego, Fresno and Santa Clara counties, while still more populous than Orange county, recorded less of an increase during the last five years and are gradually being overhauled. Santa Clara's lead was cut from 40,000 to 20,000; that of Fresno declined from 68,000 to 30,000, while San Diego's lead over this county dropped from 51,000 to 43,000.

## Gains 10,000 In Year

Orange county has increased nearly 10,000 during the last year, according to the survey, and has jumped from ninth to seventh position among the counties with in the space of a twelvemonth.

Only Los Angeles, San Francisco and Alameda counties, with their large cities, lead Orange in point of population increase. Los Angeles with a gain of nearly a million, in five years, San Francisco with an increase of slightly more than 100,000, and Alameda county, which contains the trans-bay cities of Oakland, Berkeley and Alameda, showing an approximately equal gain. The survey gives Los Angeles county 1,900,000 estimated population, as compared to 936,455 at the time of the 1900 census. San Francisco now has 610,000, and Alameda county 445,000. San Diego county has 157,500 population now, as compared to 112,248 given it by federal census during the period of post-war deflation, showing that the border city is resuming a steady, solid growth.

## S. B. County Grows, Too

What once was the smallest county in the state, San Bernardino county, during the last five years, has increased its population by more than 100,000, showing a remarkable growth, its increase being approximately 40,000. Both counties demonstrated their untimely rise from the ranks of the so-called "cow counties" of political designation.

As a state, California will reach the 5,000,000 mark by the end of the present year, the survey indicated. Its present population is given as 4,942,000, a gain of 1,515,200 in five years. It is worthy of note that about 1,200,000 of this increase was shown by Southern California.

Starting with 3,426,500 in 1920, the state's population rose to 3,630,000 in 1921 and 3,866,000 in 1922. In 1923, it forged over 4,000,000 mark by 41,000. Last year the figure was 4,777,000 and another 300,000 has been added since.

The following table shows the increase of the leading counties for 1920, 1924 and estimates for 1925:

County	1920	1924	1925
Los Angeles	936,455	1,745,467	1,900,000
San Fran.	506,790	782,323	810,000
San Diego	112,248	157,500	160,000
Fresno	125,779	145,000	157,500
Santa Clara	106,700	128,446	135,000
San Bernado	73,465	104,700	114,300
Sacramento	91,029	108,629	113,000
San Joaquin	79,495	95,693	97,000

# NEW TYPE OF FRANKLIN CAR

Upper—This is the new Franklin sedan, with deCausse body, and new hood, the latter being a radical change from the type heretofore used by the Franklin company. The striking difference in the appearance of this car has made the model, being exhibited by H. A. Shugart and Son, dealers, at the auto show, a center of interest.

In the center is the sport sedan and below is the sport touring.

H. A. Shugart, senior member of the local agency, is shown in the one-column cut.

# Radical Change In Hood and Lines Adds to Popularity

With its radical change in hood and lines, the sedan model of the Series 11 of the Franklin is attracting attention at the automobile show, where it is being exhibited by H. A. Shugart and Son, Santa Ana Franklin dealers.

In the new line, the average motorist will have difficulty in telling the cars from those of the water-cooled machines. Close scrutiny of the hub-caps or name-plate is necessary to distinguish it.

"As a matter of fact, the cars have a custom-built look through explained by the fact that the pattern cars were actually custom-built by de Causse. The introduction of the Series 11, a custom-built car, on a production basis, does not mean discontinuance of the Series 10-C, the high powered Franklin introduced in July, 1924.

## Features of New Model

"Some of the more particular features of the new model Series 11 are, of course, the entirely new lines and proportions, slightly changed wheelbase and lower-slung chassis. Overall height has been lowered, and ground clearance remains the same. Fenders are rounded and beautifully molded. All may be tremendously to the good appearance of the car. Yet the changes which first strike the eye are those in the hood.

"The straight radiator effect is now introduced into the Franklin along with a broad nickel-plated radiator shell. Flat nickel-plated bars, three in number, down the front, terminating in a circle of the same material, give the head-on view an effect which is both entirely individual and surprisingly handsome.

"The hood line, seen from the side, is perfectly horizontal, with the cowl showing a very slight rise in the windshield. The hood is broad-backed and slopes gently from the backbone to the sides. These are equipped with fastenings of the accepted type, and may be raised independently of each other, as in the conventional way.

"Seven types are available, five enclosed, as follows: Sedan, sport sedan, coupe, cabriolet, enclosed-drive limousine, touring and sport runabout. Of these the sport sedan, cabriolet and touring runabout are new to the Franklin line, and the coupe is radically different.

"The two open cars are a distinct departure from ordinary open car standards in America, the purchase being to furnish a touring and runabout which both in style requirements and in power performance will cater to the most exacting and discriminating motorist.

"Sport car details never before seen here are incorporated, illustrative of these being the English hoop-stick construction for the top, with its highly polished, nickel-plated bows and fine drab Burbank material. The touring is finished in moleskin gray-green, and the runabout in silver-gray. The sweeping rear contour of the runabout is another detail wholly new in America.

Cure that cold! at Loma Linda Treatment Rooms, 413 N. Bdwy.

# LOCAL EXHIBIT INCLUDES 1925 MODELS NEVER SHOWN BEFORE

S. A. Auto Show Marks Premier of Several Latest Motor Achievements

## MONDAY ATTENDANCE BETTER THAN OPENING

Keen Interest Is Being Evincied In Displays of New Cars, Accessories

Exhibitors at Santa Ana's first annual automobile show, now under way at the corner of Spruozon and Second streets, under auspices of the Orange County Automobile Trades association, today were unanimous in their declarations that the display is one of the most successful shows ever held in this city.

Their statements were occasioned by the fact that the attendance last night was larger even than on Saturday night, the first night of the show.

The individual exhibits of automobiles and accessories are attractive and in them are shown the very latest creations of automobile trades association yesterday, and today.

According to public statements made from the entertainment platform last night by H. Elmo LeBrequer, one of the managers of the display, the local exhibit is the first showing in Southern California of real 1925 automobile models.

He asserted that previous shows in Southern California did not have complete 1925 models on exhibition. The show contains several models that have been displayed nowhere else on the Pacific coast, he declared.

In the throng crowding the tent last night, were many men and women who evidenced keen interest in the exhibits and who indicated they were possible purchasers of new cars. Salesmen in the different booths were busy showing and explaining the special features of each model. Many dealers stated they had secured the names of numbers of good "prospects."

In the entertainment program, the Mille Marlowe's revue girls repeated the successes of the previous nights by offering a high-class program of musical and dancing numbers, with H. A. Shugart and Willis G. West heading the troupe.

Following a meeting of the auto make close personal inspection of the show was made last night that the show will be kept open each afternoon. There will be no entertainment program in the afternoon, the show being kept open for the accommodation of those who are not able to attend at night. It was pointed out that the afternoon opening also would give prospective buyers opportunity to make close personal inspection of the exhibits without the interference resulting from the large night crowds.

44 Booths at Show. A check made last night disclosed that there are 44 booths at the show, each containing something of special interest to motorists and to the general public.

The exhibits, followed a brief resume of the exhibits, follow:

Hoover Sweeper agents of the county have combined in an exhibit of the sweeper and its new attachments.

D. E. Daniels, rideair spring cushions, for insertion between the leaves of automobile springs.

Robertson Electric company, Radiolas, Carlson, Stromberg and

(Continued on Page 9)

# COUNTY JUNIOR COLLEGE IDEA GAINS SUPPORT

With Fullerton eliminated as a site for the Southern Branch of the University of California, hopes were revived today in educational circles for establishment of an Orange county junior college, which with necessary enabling legislation, could be developed into a four-year institution.

City Superintendent J. A. Cranston said today that he would communicate with Assemblyman Sam C. Hartnaff, Fullerton, asking that necessary legislation be introduced in the legislature, which, if passed, would give the county a free hand to establish such an institution, it deemed advisable by the people.

Such legislation would be in the nature of an enabling measure, and would not be mandatory in its provisions. It was pointed out that it would provide necessary facilities for proceeding with the formation of a junior college district, if so desired by the voters, it was added.

The straight radiator effect is now introduced into the Franklin along with a broad nickel-plated radiator shell. Flat nickel-plated bars, three in number, down the front, terminating in a circle of the same material, give the head-on view an effect which is both entirely individual and surprisingly handsome.

# School Head to Attend Meeting in Los Angeles

Several Santa Ana educators, including City Superintendent J. A. Cranston, will attend the Vocational Guidance Luncheon, to be held next Saturday at grill room of the Broadway Department store, Los Angeles, it was announced today at the board of education offices.

Subjects relating to vocational guidance and training, emphasizing the imperative necessity of arranging school and college curricula to meet modern requirements, will be discussed by noted educators and experts.

Listed among the speakers are J. Harold Williams, editor Educational Measurement Review; Nicholas Ricciardi, state director of vocational education; Miss M. Burney, University of California; Principal W. F. Ewing, of Pasadena high school; Prof. W. E. Nicholl, dean of Pomona college; Claremont, and W. S. Kienholz, director of vocational education, Los Angeles school district.

coffee-money  
travel full  
distance—  
Or does it  
stop half way?

# M·J·B

Here is a coffee that goes the full distance. Nothing weak or half-hearted about M·J·B! A cream-of-the-crop coffee so blended as to be double-rich in strength and flavor. Then vacuum packed by our own patented process. Small wonder that M·J·B gives you the most coffee "mileage" for your money!

## Stage and Screen

Jack Holt and Lois Wilson in a scene from "The Thundering Herd," current attraction at the West End theater.

### FIVE ACTS OF VAUDEVILLE AT YOST TONIGHT

Five acts of Junior Orpheum vaudeville is booked for presentation at the Yost theater here tonight and tomorrow. A resume of the bill follows: A resume of the bill follows: Hays and Lillian present a very clever comedy singing and talking skit, "Follyology." Hays as a comedian is unusually witty and the girl who "plants" several of his lines deserves credit for her pleasing personality and ability.

The Friedlander brothers promise a surprise musical sensation. They are said to be the only eccentric musical comedians of their class in vaudeville. The brothers have evolved a series of musical instruments which are not only ludicrous and novel, but at the same time give forth real melody.

Webster Trio On Bill Attractive in themselves, the three Webster girls promise an interesting surprise in their forthcoming performance. Appearing first as singers and dancers, they will go into a series of gymnastic and acrobatic feats, which on numerous occasions have been described as astounding.

Joe Christy and Ruth McDonald in "song and piano eccentricities" are a sure-fire hit. Christy is an act in himself with his remarkable musical ability while Miss McDonald adds a touch which takes on a magnitude seldom found outside of a big musical comedy production. Many innovations in melodies and arrangements as well as exclusive songs are promised by this clever duo.

"The Laughable Grouch" Cliff Dean, the laughable office grouch, who appears in "The Snail," is surrounded by an able supporting cast. The characters in addition to Dean himself, are a stenographer, a weathered old office assistant and Dean's son. The skit derives its name from the fact that the son is as slow and worthless as a mollusk. It develops in the end of course, when the son runs away with the old man's dough to save him in a Wall Street swindle that the son has a small backed off the boards fifty million ways for speed. The father allows his son to embark upon the matrimonial sea with the stenographer which until the present he has most strenuously opposed. The characters are admirably cast and there is no end to comedy situations throughout.

but the dear features were blurred and indistinct. It seemed not my child, but a small boy at whose identity I could only guess. But colors were apparent, and with a gasp of joy I realized that, if my visitors were to stand in a certain place beneath the light from an opening far overhead, I could see each dear feature, although indistinctly, and could see the vivid flowers on Lena's hat.

New Hats at Cetera "Oh, I'm glad you wore your new hat to show me," I said, swept with the joy that out in that wonderful world of outdoors were such things as new hats, and flowers and dear little boys with serious, frank faces, and liberty—liberty! "Have you had enough? Are you ready to come out?" questioned Sheriff Jernigan, and I replied that I had had enough imprisonment to last me all the rest of my life, and rejoined my sisters of the Business and Professional Women's club, who were making a tour of the new jail, exceedingly grateful that if there were a criminal bent in my nature, it had so far been subjugated to training and environment, as to leave me free to breathe the air of God's great outdoors, free to come and go, free to know, understand and choose freedom, a blessing that I had never before realized.

### TONIGHT'S ATTRACTIONS

Yost—Vaudeville (five acts) and "As Man Desires," with Milton Sills.

West End—"The Thundering Herd," with Lois Wilson and Jack Holt.

Walker—"The Tornado," with House Peters.

### MILTON SILLS PLAYS LEAD IN YOST PICTURE

Milton Sills goes to sea again. He is Captain John Clay, of the two-masted pearl schooner "Lark," in "As Man Desires," a rapid-fire drama of romance at the Yost theater.

Gone are the bushy hirsute adornments and trappings of Sir Oliver Tressilian, the indomitable hero of Frank Lloyd's picturization of "The Sea Hawk".

Sills in "As Man Desires" is the gaunt, weatherbeaten captain of a South Sea Island pearl fisher, and master of "Forbidden Island," the mystery island of the Tahiti group. He is still the doughty fighter. The ruffian seamen who frequent the waterfront dives of Tahiti fear him for his grim silence and brute strength, especially after he conquers "Gorilla" Baggley, the bully of Tahiti, in a terrific encounter.

Viola Dana, who is co-featured in the drama, in the role of a half-wild native dancing girl, falls in love with him and Sills takes her with the intention of making her into a "fine lady," as a rebuff to the memory of the girl whose fancied infidelity has brought about his disgrace and exile.

The supporting cast includes Ruth Clifford, Rosemary Theby, Tom Kennedy, Paul Nicholson, Lou Payne, Hector Sarno, Anna May Walthall, Edneeh Altemus and Frank Leigh. Irving Cummings directed under Earl Hudson, supervisor of First National productions.

### "THE TORNADO" CLOSING AT WALKER TONIGHT

Crashing, hurtling logs tossed ahead of a relentless torrent make a terrifying spectacular background for some of the thrilling action in "The Tornado," starring House Peters, which will close tonight at Walker's theater.

"The Tornado" is the screen version of the famous Lincoln J. Carter melodrama of the same name and the part played by Peters is one of the most heroic in his long motion picture career.

The scene of the action is a logging camp, the great forests, and the turbulent waters of a river down which thousands of thousands of logs float to mills guided and controlled in their passage by the skill and daring of man.

The man known all up and down the river as "The Tornado," gained the nickname by reason of his stormy personality and the relentless manner in which, as a logging boss, he enforced his rule.

The arrival in the little settlement of a man and a woman from somewhere out in the world of fine clothes, and what the denizens of the settlement gathered from the chance meeting of the two and "The Tornado" gave an inkling of the cause of the man's presence in the wilderness. The real unraveling took place on the soggy bank of the river from whence "The Tornado," despairing of his own life, spurred himself to the frenzy of effort that enabled him to save the woman.

### Simple Way to Take Off Fat

Can anything be simpler than taking a convenient little tablet four times a day until your weight is reduced to normal? Of course not. Just purchase a box of Marmola Prescription Tablets from your druggist for one dollar, and start now to reduce. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food, be as lazy as you like, and keep on going slender. Thousands of men and women each year regain healthy, slender figures by using Marmola Tablets. Purchase them from your druggist, or send direct to Marmola Co., General Motors Bldg., Detroit, Mich.—Adv.

CLOWNS, TUMBLERS ACROBATS

he loved from the flood. "The picture is replete with thrilling, dangerous situations, most of which were filmed on location in Idaho under direction of King Baggot, who has directed a number of Universal's most successful productions.

### CRITICS PRAISE CLASS OF "THUNDERING HERD"

"The Thundering Herd," now showing at the West End, is a vigorous mixture of entertainment and instruction, of history and fiction. It has tremendous dramatic value, yet the thrilling story it narrates, the adventures and incidents it unfolds and the scenes it pictures are based upon facts that are historically true.

The photoplay was adapted from the absorbing novel of the same name by Zane Grey and centers around the glamorous and colorful days of 1876. Grey knows the west in the early days as do few others, and Lucien Hubbard, who scenarized the story and William K. Howard who directed it have been careful to follow the novel down to its minutest details.

Instead of viewing a plain dotted with cities, ranches and cement roads, the film shows us the west as it was fifty years ago—a vast wilderness, ranged by great herds of buffalo, overrun by wolves, bears and mountain lions and inhabited by fierce, nomadic Indians.

Int woven with the theme of the story which was begun in 76 to the buffalo fields of Wyoming and Montana, is a virile romance of the principals of which are Jack Hoxis and Lois Wilson. The development of this love affair which is hindered by Miss Wilson's guardian, Noah Beery, and the sufferings and privations of the early settlers provide enough action, drama and suspense for a half a dozen photoplays. The last big Indian attack upon the whites and the exciting stampede of a vast herd of buffalo furnish two of the many dynamic scenes for this epic picture.

As for the cast, besides those featured players already mentioned, it includes Raymond Hatton, Charles Ogle, Lillian Leighton, Eulalie Jensen, Ed Brady and several hundred minor characters.

We repair all kinds of clothes. Hoffman, 603 N. Main.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

### WAR VETERAN, 80

OSWEGO, N. Y., March 23.—Eighty-year-old Hiram Dutcher, Civil war veteran, has been presented by his wife with a baby boy. Mrs. Dutcher is 34. The venerable soldier also has another son, now 2 years old, and a third by a former marriage, who is approaching middle age.

## Track Rally to Feature Junior College Assembly

Student assembly at the Santa Ana Junior college tomorrow is to be turned into a track rally for the

"wonder team" of cinderpath athletes, which will represent the local college in the Southern California conference meet Saturday at Pasadena.

Ray Walker, athletic coach of Huntington Beach high school, is to be the speaker at the assembly. That the track entry from the Santa Ana Junior college has possibility of taking the conference meet is expressed by sport followers at the college. It is said that the junior college has this year the best team in the history of the institution.

## EXHIBIT INCLUDES LATEST MODELS

(Continued from Page 7)

Fred-Eisemann radios. Charles Kaufmann and Sons, bumpers and spotlights. This is a local manufacturing firm and it is producing the triple shock absorber, said by dealers to be one of the best bumpers on the market. The equipment has a second and third shock receiver, the final being a massive piece of rubber—it is two bumpers and a shock receiver in one. The firm has long been known as the manufacturer of an exceptionally good spotlight.

Workman and Workman, chiropractors, have a neatly arranged booth, with literature for the public and chairs for use by the weary.

The H. M. Kinslow Machine works is showing igniter and John pistons used by 80 per cent of the car manufacturers. Other exhibits include Timken bearings, Kinslow's valves, Gilbert piston rings and replacement parts for all automobiles.

Gives Demonstrations. M. S. Robinson, Prest-O-Lite batteries, acetylene apparatus and welding equipment. Lon W. Holly, an authority on welding and cutting operations will give special demonstrations at this booth tonight and Friday night. Particular demonstrations will be given in cast iron and aluminum soldering.

Christian Brothers, two Maxwell sedans and a coupe and a Chrysler coupe and sedan.

R. W. Townsend Motor company, Essex coach and Hudson brougham and coach.

Standard Oil company, a general display, featuring a miniature reproduction of the first oil well in California, oil fields and refineries.

Hockaday and Harlowe, auto parts, Kant Skore pistons, economy oil rings, and parts for autos, trucks and tractors. The firm is the only authorized distributor of Timken bearings in the south half of the county.

Jess Goodman, Samson tires, showing the new full balloon, heavy duty and S-O-S.

F. M. Medbery, four-door special six and four-door standard sedan in the Cleveland and special four-door sedan in the Chandler line.

Show Old and New. J. T. Van Why and R. C. Crum, Philco batteries, radio batteries and chargers, and accessories. A device is exhibited demonstrating Delco ignition. A 1909 Baker electric runabout, something of a curiosity in automobiles, as compared with electrics of today, also is shown here.

Automobile Club of Orange county maintains a booth with touring literature and pictures showing automobile wrecks. Easy chairs are provided for the comfort of those who want to pause and rest for a few moments.

Ray Schanhals is showing for the first time here, the new Willys-Knight six roadster. The machine arrived here yesterday and last night was the center of attraction for a great many visitors. He also is showing roadster and sedan in the Overland six, the Overland De Luxe six and a cut-away model of the Willys-Knight 4-cylinder motor.

George Dunton, Ford roadster, coupe and truck and a Lincoln touring car.

Have Farm Implements. H. F. Townner, farm implements, featuring Towner's clean-cut disc harrow. According to L. A. Collier, the new farm implement is creating a sensation among farmers, its type of manufacture being a radical departure from harrows now in general use.

C. L. Tarter, Orange, the Jaeger portable woodworker, an attachment for utilizing Ford motors for wood sawing, etc.

Orange County Ignition works, Willard auto and radio batteries, accessories and automotive replacement parts.

Dixon Pump works, deep well turbine pumps with a model working in demonstration of efficiency of the pump. Pressure pumps also are shown. These pumps are made in Santa Ana.

Orange County Welding company, demonstrating electric and gas welding, offering a wide range of cast iron, aluminum and steel welding.

All models are in the straight-eight line.

Bowles Motor company, Studebaker Big Six sedan, Standard brougham and special touring.

O. A. Haley, Dodge Brothers special touring, coupe and coach.

Beld Motor company, Buick 4-door sport brougham, Master coach and Master Sport touring.

Reo Sales and Service company, Reo Roadster, De Luxe sedan.

Twentieth Anniversary sedan and a Gold Standard chassis. T. B. Pugsly, factory representative, is here to assist the local agent during the show.

The Orange County Motors company tonight will exhibit a Mr. Mon 4-door brougham, changing its exhibit today.

H. A. Shugart and Son, the new Franklin sedan and a Willis Sainte Claire sedan.

HOLDS RATES TOO HIGH. WASHINGTON, March 23.—The interstate commerce commission has decided that railroad freight rates on petroleum and its products from Oklahoma, Topeka, Kansas, to the Atchafalaya, Topeka and Santa Fe railroad and other railroads were unreasonable. The commission prescribed new rates which it said did not violate the interstate commerce act.

**Legal Notice**  
Notice printed in said county, for four consecutive weeks next preceding the day of hearing.

J. W. WILLIAMS, Judge of Superior Court.

**NOTICE OF ELECTION FOR TRUSTEES OF ELEMENTARY SCHOOLS**  
Notice is hereby given to the electors of Hawthorne, School District, County of Orange, State of California, that the annual meeting for the election of School Trustees will be held on March 27 (last Friday) at the Public School House, Hawthorne, California, at 10 o'clock a. m.

There will be one trustee to elect for three years. The polls will be open at 10 o'clock a. m. and kept open until 4 o'clock p. m.

The officers appointed to conduct the election are:  
Mrs. McKinley, Inspector.  
Mrs. Crawford, Judge.  
Mrs. Lewis, J. Edward, Judge.

**NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.**  
In the Superior Court of the County of Santa Ana, California.

In the matter of the Estate of Jacob S. F. Wood, Deceased.

Notice is hereby given that on Friday, the 10th day of April, 1925, at 10 o'clock a. m., of said day, at the Court House of said County, in the City of Santa Ana, California, the Court will hear and determine the application of Wayland Wood, as the time and place for hearing the application of said estate.

Filed for the purpose of proving the will and Testament of the said Jacob S. F. Wood, deceased, and for the purpose of settling the estate of said deceased, and for the purpose of settling the estate of said deceased, and for the purpose of settling the estate of said deceased.

Dated March 23, 1925.  
J. M. BACKS, County Clerk.  
E. T. Langley, Attorney for Petitioner.

**TO THE STOCKHOLDERS OF THE SANTA ANA VALLEY HOSPITAL ASSOCIATION**  
Notice is hereby given that the President of the Santa Ana Valley Hospital Association, has called a special meeting of the stockholders of said corporation, to be held on the 20th day of March, 1925, at the hour of eight o'clock, P. M., at said day, at the principal place of business of said corporation, 620 N. Main Street, in the City of Santa Ana, Orange County, California.

The purpose of said meeting is for the election of directors of said corporation and for the further purpose of considering such other business as may properly be brought before said stockholders, the said meeting being called for the reason that the directors of said corporation have failed to qualify and you, the stockholders of said corporation, are hereby notified that the meeting so called by the president will be held at the time and place above specified.

Dated March 14th, 1925.  
Secretary of Santa Ana Valley Hospital Association.

**NOTICE OF PUBLIC WORK**  
Notice is hereby given that the Board of Trustees of the City of Santa Ana, California, will receive bids up to the hour of five o'clock, P. M., April 6th, 1925, for the furnishing of:

1944 feet 10" Bell and Spigot Cast Iron Water Pipe, Class B.  
2000 feet 4" Cast Iron Water Pipe, Class B.  
Also, high end gate valves and Fire Hydrants.

P. O. B. Santa Ana, California.  
Each bid must be accompanied by a certified check, 5% of the amount bid, to guarantee that the successful bidder will enter into contract with said City, for said work, and shall state time of delivery of whole or part.

The Board of Trustees of the City of Santa Ana, California.

**CHICAGO BD. OF TRADE**  
CHICAGO, March 24.—Grain futures weakened under liquidating pressure and closed lower on the Board of Trade today.

Early corn buying gave moderate advance but the market ran into liquidation and prices sold off sharply at the close.

Oats showed stubborn resistance. Buyers were persistent.

Lower hogs and cables weakened provisions.

**FINANCIAL AND MARKET NEWS**  
LOS ANGELES, March 24.—Trading today was moderate. Asparagus continues to decline with increasing receipts. Artichokes and peas are low on post-poned supplies. Lettuce is weak with heavy supplies on track. Tomatoes and peppers are firm.

**Legal Notice**  
of Santa Ana, California, reserves the right to amend and alter all bills.

Dated this 30th day of March, 1925.  
E. L. VEGLEY, City Clerk of the City of Santa Ana.

**NOTICE OF PUBLIC WORK**  
Notice is hereby given that the Board of Trustees of the City of Santa Ana, California, will receive bids up to the hour of five o'clock, P. M., April 6th, 1925, for the furnishing of:

1944 feet 10" Bell and Spigot Cast Iron Water Pipe, Class B.  
2000 feet 4" Cast Iron Water Pipe, Class B.  
Also, high end gate valves and Fire Hydrants.

P. O. B. Santa Ana, California.  
Each bid must be accompanied by a certified check, 5% of the amount bid, to guarantee that the successful bidder will enter into contract with said City, for said work, and shall state time of delivery of whole or part.

The Board of Trustees of the City of Santa Ana, California.

**CHICAGO BD. OF TRADE**  
CHICAGO, March 24.—Grain futures weakened under liquidating pressure and closed lower on the Board of Trade today.

Early corn buying gave moderate advance but the market ran into liquidation and prices sold off sharply at the close.

Oats showed stubborn resistance. Buyers were persistent.

Lower hogs and cables weakened provisions.

**CROSSWORD PUZZLE**  
Here is the answer to yesterday's Crossword Puzzle.

# INDOOR BALL LEAGUE PLAYERS NAMED

## SPORTS OF ALL SORTS

Walter Christie, track coach at the University of California and one of the most competent men in his profession, is one of several authorities who blame the decline of distance running in the United States upon the automobile.

Christie points out that a youngster will not walk two blocks if he can grab a ride and that an automobile in the family garage has consigned running shoes to the ashcan. He has found in his experience that practically all of the young college students who report for the track squad are more eager to do a hundred yards in "nine-four" than they are in making a new record for a mile. There is too much of the element of hard work in becoming a miller.

There are authorities who do not agree with this theory. Some believe that the form and style taught by American coaches is obsolete and that the Nordic style of almost flat-footed running is the best.

"This talk that the United States never will have good distance runners again does not hold good with me," Ernie Hjertsberg, former American coach, said. "There are runners in this country now that could become just about as good as Nurmii if they really wanted to."

Hjertsberg is a Swede who lived in this country for years. He coached the Swedish Olympic team in 1920, and was in charge of Holland's team last year.

Nurmii ought to have some good ideas on the subject and his opinions should carry considerable weight. Nurmii is generally regarded as the greatest runner that ever lived. He won four events for Finland in the Olympic games at Paris last summer and broke three records. He came to this country with a great reputation recently and lived up to it by making two new world's records officially and one unofficially, the first time he had ever competed on a board track.

He has established records almost at will and many authorities believe that he has never really extended himself. He said when he arrived in this country that his big ambition was to run a mile in 4:06, and there is little doubt that he will be able to do it some time.

"That fellow is good enough to run a mile in four minutes," a prominent coach said the night the Finn star made his American debut. Nurmii believes that Americans are to be considered as distance runners in the future. He does not feel that Americans are not strong enough or that they lack the endurance to run long races.

"There are a number of fine distance runners in the United States," Nurmii said. "Rav, Connolly and Hahn are three of the finest milers you can find in any country. I believe, however, that there would be more better distance runners in this country if training methods used by American boys when they start running is wrong. When you start wrong you waste time that never can be recovered and more harm than good is accomplished. It is almost impossible to get a matured runner out of a bad form that he cultivated when he started to learn the game."

Service WITH COURTESY

## What we tell our employees

"You are the Gas Company.  
 "Treat our Consumers as you yourself like to be treated. Always be courteous.  
 "Courtesy avails much and costs little. It is the most valuable asset you possess.  
 "By making courtesy a daily habit, you will not only win friends for the Company but you will make yourself a better employee.  
 "Remember that the Company's reputation is in your hands. Guard it as you would your own."  
 We solicit the assistance of our Consumers in obtaining the above.

## MANAGER SPEAKER BELIEVES INDIANS WILL BE STRONGER

UHLE'S ARM EDWARDS' KNEE LEFT FIELD QUESTION BURNS' BATTING

STARS FOR WISCONSIN  
 University of Wisconsin appears to have discovered a great athlete in Herb Schwarze, giant weight and dash man. He can heave the shot close to 45 feet and is an exceptional sprinter for his size. He also shines on the gridiron as a tackle.

LAKELAND, March 24.—Tris Speaker had high hopes for his ball club last season and it disappointed.

If he has pennant thoughts this year he keeps them to himself. However, he is positive that the Indians of 1925 will be a much stronger combination than last year.

"In the first place I have a much better behaved ball club," Tris Speaker said. "There were disturbing elements on the club last year that had a far-reaching effect. These have been eliminated."

Reserve Strength Doubled  
 "The efficiency of my reserve strength has been doubled. I feel that I am reasonably well fortified at every position. This was not the case last year."

"While at present I have no outstanding star among the recruits, there are a number of likely prospects who should be helpful before the close of the season.  
 "I feel that pitching is a concern with every major league manager. I am no different from the rest. My pitching failed me last year and the club collapsed with it."

"Despite the fact that the pitching staff will be practically the same, I am sure it will be 100 per cent more effective."

"An injury to Edwards' knee put him out of the running. He appears to have entirely recovered. Uhle, who went five or six innings at top speed only to falter, is in great shape."

Edwards and Uhle  
 "I am banking on Edwards and Uhle to win at least 20 more games than they did last year. Add 20 games to the win column of 1924 and take the same number away from the games lost side and you will note quite a difference in our standing."

The good year Joe Shaut had last season is certain to prove helpful. He will have more confidence in his ability. Sherry Smith is still a great pitcher.

A winning ball club must have a crack catcher who can be in there most every day. I look for Myatt to be such a backstop this year.

"The Indians of 1925 will be a hustling ball club. I have impressed on my players that fact. There is no place for the fellow who doesn't want to go the limit to win."

## MAY SUSPEND REISTER LETS DEMPSEY FROM EXCELSIOR OFF GOTHAM RING WITH ONE HIT

May Refuse Boxing Permit Until He Accepts Match For Title With Wills

BY HENRY L. FARRELL  
 United Press Staff Correspondent

NEW YORK, March 24.—Jack Dempsey may have a good excuse for remaining on the movie lots in California when the New York boxing commission takes a slap at him today.

Unless leaks from the commission headquarters have been all wrong, Dempsey can change his tune from "I'll fight anybody" to "They won't let me fight anybody."

The commission is expected to place the heavyweight champion on the ineligible list. This is the only penalty it can impose upon Dempsey for his inactivity because he has no New York license and he is not immediately under the jurisdiction of the commission.

If he is consigned to the ineligible list under the names of Mike McTigue, Mickey Walker and Johnny Dundee, the sentence will amount to a suspension, as he will not be granted a license to fight in New York until he has accepted the challenge of Harry Wills, the New Orleans negro.

Dempsey is laughing over the wires from Los Angeles and Jack Kearns, who handles his ring business, is chucking in New York, but neither one has the idea of having any official tone added to the general suspicion that the heavyweight champion is timid about fighting Wills.

"We don't care anything about commissions," Kearns said. "We have the heavyweight championship and it can be taken away from us only by a tap on Dempsey's chin. We have been on record for two years about the Wills challenge. If the commission hasn't a good memory it should dig into the files and find the agreement that Dempsey signed years ago to fight Wills."

What possibilities the baseball nine of the Santa Ana junior college has to offer for pennant honors in the circuit of the Southern California junior colleges will be brought to light in the practice tilts scheduled on the Poly high school lot this week.

Tomorrow the college nine is to meet the Huntington Beach high school team. The following evening the Caltech varsity will be in frame for a game here.

Early next month the first of the league games are to be played. According to schedule Santa Ana contests with Riverside junior college here April 11 for the opening conference tilt.

LOS ANGELES, March 24.—The Stanford University baseball team was to start its Southern California invasion this afternoon against Occidental college, at Paterson field.

Ernie Nevers, the football star, was slated to pitch for the cards. On Wednesday and Friday, Stanford will play against University of California, Southern Branch.

the Toledo Mudhens at Deland 13 to 9 on "the worst field in the world," came through the game unharmed and then raced back here over slippery roads with only one minor accident.

LAKELAND, Fla.—Buckeye and Speers held Columbus to five hits and the Indians won their second game from the Senators, 3 to 2.

BERKELEY.—The Cardinals handed an 8 to 3 trimming to the University of California in the stadium here. Several U. of C. students now with the Cards were in the national leaguers' lineup.

TARPOON, Fla.—Manager Sigler and 23 Brownies today began a strenuous exhibition campaign, playing 18 games booked for the next 21 days.

## HERO OF 1920 WORLD SERIES SEEKS JOB WITH CINCY REDS

ELMER SMITH  
 When baseball fans speak of Elmer Smith they usually refer to him as the "only player to ever make a home run in a series with the bases filled."

That's just what Elmer did in the 1920 classic between Cleveland and Brooklyn. He was playing with the Indians at the time, his second engagement with that club.

Smith is well known throughout the American league, having been with Boston, Washington and New York besides Cleveland. This spring finds him on the roster of the Reds where he hopes to gain a berth in the outfield.

BOWLING

Bowles Five To Meet L. A. Team At A-B Tonight

With the Southern California Bowling league schedule calling for two games weekly from now until April 23 when the season is completed, the Bowles Motor company, local representatives in the big-time alley circuit, tonight clashes with the Southern Drug company of Los Angeles at the A. and B. alleys here. The Bowles five also will see action Thursday, meeting the El Roi Tan Cigars aggregation at the Angeles alleys, Los Angeles.

Captain Bill Gordon, Penny Jones, Max Ames, Guy Martin and "Larry" Larison, will appear in the Santa Ana lineup.

NEW YORK.—Earl Sande, America's premier jockey, who was dangerously injured at Saratoga last August, now is able to work out mounts at Jamaica.

## CANADIANS GET SEASON'S FIRST VALENCIA CAR

What is said to be the season's first car of Valencia oranges to be shipped from this district, left the citrus packing plant of J. McInnes, Orange, for Toronto, Canada March 21. A second car was sent to Birmingham, Ala.

McInnes reports the fruit is much larger on an average than it was at the corresponding time last season. The opening prices are much better than the opening prices have been for the last two seasons, he asserted. The prices are, of course, governed by the grade and size, McInnes explained.

Some of the fruit that suffered frost damage was separated in a very satisfactory manner by a water separator, McInnes asserted.

L. D. Palmer, manager of the Orange County Fruit exchange, Orange, announced today that the associations which are members of the exchange will not start shipping Valencia until about May 1.

According to reports from Porterville, the harvesting of the Valencia crop in that district is under way. The fruit is being handled through the Tule River Citrus association, and will be sold principally on the Pacific coast. There is only a small shipment to be handled, and this will probably be sent out in trucks.

Palmer states that it is too early to make predictions regarding the quantity of the crop or the prices that will be received for it.

## Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission of Evangelism of Federal Council of Churches of Christ in America.

### TUESDAY

#### Prayer

Read Lk. 11:1-13. Text: 11:1. One of his disciples said unto him, Lord, teach us to pray.

**MEDITATION**—The disciples were daily witnessing Christ's use of prayer as they saw him heal and heard him preach. They knew the source of his power was in his union with God which was continually made real through prayer. They desired this power and yearned in their hearts to know the Father as Jesus knew him. They asked Jesus to teach them the way to the Father in prayer and he gave them the simple words that have become the humble petitions of millions of hearts. In this prayer there is but one request for material things "For our daily bread."

All other requests are for spiritual blessings and the welfare of all men. For these the heart truly yearns and for these we should learn to pray to the Father, who longs to give us all good things. We pray to "Our Father" of infinite mercy and for tender love.

**PRAYER**—O God, our Father, who hast such riches for the children of men, prepare our hearts for the blessings. Win our minds away from material things. May we not be easily daunted nor turned aside but may we move toward thee and there abide. Amen. (Copyright, 1925—F. L. Fagley)

### Westminster

**WESTMINSTER**, March 24.—The entertainment given here by Jerome Shaffer for the benefit of the Parent-Teacher association, was a success from every standpoint. As a result, \$76.26 was taken in from the sale of the seats, which greatly pleased those sponsoring the affair. Mr. Shaffer, in his various characterizations, kept the audience doubled up with laughter. His impersonations, coupled with local people, were greatly enjoyed at said local people's expense. The auditorium had been beautified for the evening with countless shamrocks, lilies, Irish harps and calla lilies. Mrs. Ora Schieber's room received the picture, "The Whistling Boy," from Mr. Shaffer, and Mrs. M. Fox's room received the Parent-Teacher association picture. As Mrs. Payton's room sold one or two tickets less than Mrs. Schieber's room, it was decided to buy a picture for that room also, so they were presented with a copy of "The Gleaners."

Mrs. James R. Morgan has just received word of the death of Leonard Martin, March 1, in Phoenix, Arizona. He was the husband of Margaret Waters Martin, daughter of Mr. and Mrs. C. W. Waters. The Waters family lived in Westminster during the early girlhood of Mrs. Martin.

The Rev. J. J. Nakamura of the Presbyterian Japanese Mission at Wintersburg, has resigned his pastorate to become assistant pastor at Pasadena. A gay time was had Wednesday night by the Odd Fellows and their friends here, when, after business was over, court was held downstairs trying James R. Schieber on charges of desertion, brought by Mrs. Schieber. Mr. Schieber's recent business trip to Mayview, Mo., was the instigation of the affair, which provided much merriment for the large crowd who had gathered for the fun and also to bid farewell to Willis H. Warner, who has withdrawn his membership from this lodge, as he is moving next week to Huntington Beach. The judge was Willis Warner. The lawyer for Mrs. Schieber was William Bentley, the lawyer for defense was C. C. Murdy. There were six jurors, Dr. Richard Foster, C. CUT THIS OUT—IT IS WORTH MONEY.

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a sample bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also sample packages of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for constipation and biliousness. These dependable remedies are free from opiates and have helped millions of people. Try them! Sold everywhere.—adv.

## Titled Hungarian Seeks Job In S. F.

**SAN FRANCISCO**, March 24.—Alexander Halvax, former Hungarian baron with a string of titles as long as a transcontinental railroad ticket, is in San Francisco looking for a job at "anything."

He doesn't want to marry an heiress.

"I believe in the future of America," he said. "All I want is a chance so I can marry some sensible American girl and make my home here. Western girls are so sensible—that's the chief reason why I came out here."

## Two Die, One Hurt In Chicago Brawl

**CHICAGO**, March 24.—An Italian and his wife were killed and an Italian woman was shot in the breast yesterday as the two women were preparing breakfasts for their families in a tenement in "Little Italy." The slayer escaped.

### LAGUNA WOMAN HONORED

**LAGUNA BEACH**, March 24.—Mrs. T. Moen was the recipient of a delightful birthday party, arranged by her husband and brought to a close by many friends of long standing. A big birthday cake, made with a date filling that is a culinary secret in the Moen family, was decorated with all the candles that one of Mrs. Moen's friends could find in the box and, as a consequence, the birthday cake presented a merry appearance. Guests at the surprise party were Mrs. Carl Benson, Mrs. Howard Sheridan, Mrs. Lola Robins, "Grandma" Kripps, Mrs. Lynn Watkins, Mrs. P. Bushman, Mrs. Arthur Stromerson, Mrs. Jack Duarte and Mrs. R. Patton. Little Miss Hazel Moen and Miss Ruth Benson had a table all to themselves, although they had all the goodies that the big folks enjoyed.

### WILL GIVE PLAY TONIGHT

**HUNTINGTON BEACH**, March 24.—Members of the cast of "10,000," the chamber of commerce play to be given here for the first time tonight, held their last rehearsal last night. Costumes for the production were secured in Los Angeles yesterday. Practices have been held here for the past several days. Prominent among the members of the cast are C. A. Johnson, Mrs. J. W. Bennie, James Macklin, W. J. Elgar, Miss Helen Gleave, Miss Hazel Miller and R. J. Marker. A large chorus will be included and specialty features will be given.

W. McCall, Robert Falcie, Mrs. Harry Mansperger, Mrs. James R. Morgan and Mrs. C. C. Murdy. They brought in a verdict of "Guilty" and gave the plaintiff a divorce with "variations." After the records were signed and sealed, supper was served, with Mr. Warner in the seat of honor.

The children of the grammar school here are looking forward to April 3 with eager anticipation. The teachers have planned that day for "Kite" day, the rooms to compete separately, prizes to go to the one who shows his skill in points of beauty, strength, workmanship, and the distance the kite will fly. No kite may be longer than three feet. Judges will be the room mother, the teacher of each room, and one other to be chosen by each room mother. Each room, therefore, will compete, and be judged separately, and each room will be awarded a prize. It was announced that the girls would be allowed to show their skill as well as the boys.

S. A. Darling has begun the erection of a home on his property in the McCoy tract. Mrs. L. B. Conrad, who has been visiting here for some time with Mrs. Harry Mansperger, and who lived in Westminster recently, has been taken to a hospital in Los Angeles, where it is expected she will have to undergo an operation.

Mrs. Bryant Chapman was very seriously ill at her home Thursday. J. A. Knapp suffered a severely mashed toe Wednesday when a crown block in the rig where he was working fell. He is employed by the Standard Oil company at Huntington Beach.

Mrs. Ralph Baxter left hurriedly Wednesday for Compton, being summoned to the bedside of her grandmother, Mrs. John Becker, who is extremely ill.

# The Gasoline Tax

In response to a telegram from the Legislative Committee of the State Supervisors Association, requesting, in the name of all boards of supervisors, that the Standard Oil Company withdraw its opposition to an increase in gasoline taxation, K. R. Kingsbury, President of the Standard Oil Company, sent the following telegram:

"There has been so much misrepresentation of the attitude of this Company toward proposals to increase gasoline taxation that we are very glad of this opportunity explicitly to state to you and your associates and the organization represented, our policy and our activity in this matter.

"This Company is and always has been a supporter of good roads and in the present situation is not in opposition to the expansion of California's highway system, but only to the proposed method of raising the additional funds said to be necessary.

"We are opposed to any increased taxation of gasoline as a matter of principle. The tax is virtually a sales tax on a product which we sell. The three-cent tax would be a tax of twenty per cent on the wholesale price of gasoline in San Francisco. There is no marketer of any commodity who would not object to a twenty per cent sales tax on his product.

"Believing the tax to be wrong in principle and unfair to our business, this Company some months ago announced its opposition and with all possible candor stated its position as clearly as it knew how—frankly, publicly and openly.

"In its examination of the situation the Company, from its long experience and study of probable future consumption of gasoline, estimated that revenues under present motor taxation laws would yield the sums said to be required for roads, and these facts were made public, not only as an argument against further taxation, but also because good citizenship demands that anyone in possession of important facts regarding a public question should set them forth.

"This Company's activity has not been confined to California. With equal frankness it announced its opposition in Oregon, Washington, Nevada and Arizona where new gasoline taxation has been agitated, as did numerous other interests. The legislatures in these States have adjourned without action except in Nevada.

"Your telegram states that the Company's opposition is so resented that the result will react against it. It is impossible to believe that any company operating in the State of California will, because it ventures frankly to express its opinion of a public proposal which it believes inimical to its welfare, suffer in official or public esteem, which we are pleased to believe this Company enjoys to a marked degree. We believe our position to be so right and sound from an economic or any other point of view, that we cannot renounce it as you request."

## LOOK FORWARD TO OPENING OF NEW ROAD SPAN

Laguna Beach Citizens Are Planning For Pageant at Final Ceremony

LAGUNA BEACH, March 24.—Encouraged by the interest manifested in the opening of the Coast highway from Long Beach to Newport Beach, chamber of commerce officials in Laguna Beach have begun to make plans for the opening of the same road from Balboa to Laguna Beach next May. H. G. Heister, president of the chamber, and E. M. DeAhna, secretary, held an informal discussion immediately after the ceremonies and will lay the matter before the chamber of commerce directors at the meeting Wednesday evening.

In addition to the formal ceremonies marking the completion of the roadway, it is proposed to have a pageant of some sort that will attract thousands of people. Laguna Beach is noted for its pageants and the resources of the famous art colony. In addition to the artists Laguna Beach has quite a writers' colony and a number who have made their mark in the theatrical field.

If there is one thing that Laguna Beach does better than another it is to show the most remarkable community spirit when a big occasion arises. The "coming of the Coast highway" has been looked forward to for many years and the formal opening of this new link with the outside world will be one of the greatest events in the town's history.

Among the Laguna Beach people who attended the opening at Newport Beach were James C. Metzgar, former secretary of the Santa Ana Chamber of Commerce and now a resident of Laguna Beach; E. E. Jabraus, Frank B. Champion, Mr. and Mrs. Norman H. Robotham, Mr. and Mrs. H. H. Henshaw, Robert David Wade Jr., Mr. and Mrs. Roy McCauley, Mr. and Mrs. Mackey, Roy McCauley, Mr. and Mrs. Thomas Cummings, Mr. and Mrs. Bennett, Frank W. Cupp, Howard G. Heister, Judge Edward M. DeAhna, J. S. Thurston, Miss Virginia and Doris Thurston, Perry Warren, Curtis Lee Jr., Andrew S. Hall, A. B. Marshall, Robert, Leila and John Marshall, W. H. Strang, "Billy" Strang, Melvin Stokes, Roy W. Peacock.

### As Baby Grows

To insure baby's sturdy growth great care should be used in selecting a carriage. It must be roomy, have easy springs, and be strongly built. For mother's benefit the carriage must be easy to operate and attractive in design and color. All these necessary features are built into Heywood-Wakefield Baby Carriages. They represent the best thought of designers who have behind them the helpful suggestions of three generations of mothers and the experience of this 99-year old concern. All Heywood-Wakefield carriages have A Quality Seal on Every Wheel. It is a red and gold hub-cap placed there for the protection of mothers.

Prices are reasonable.

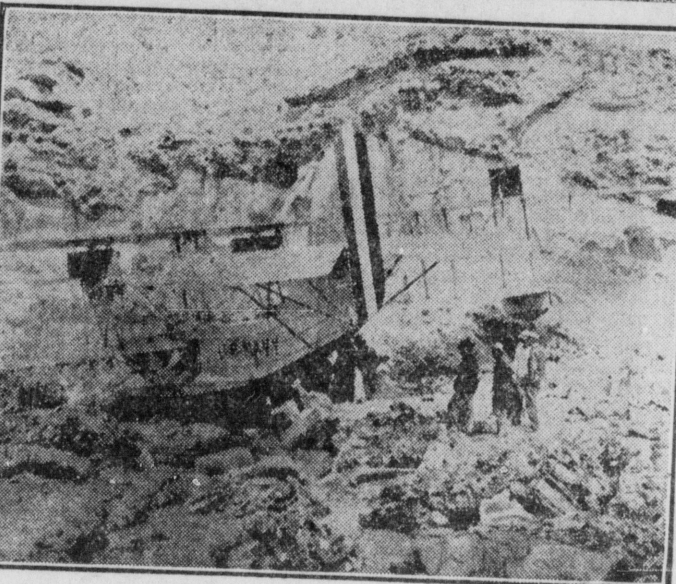

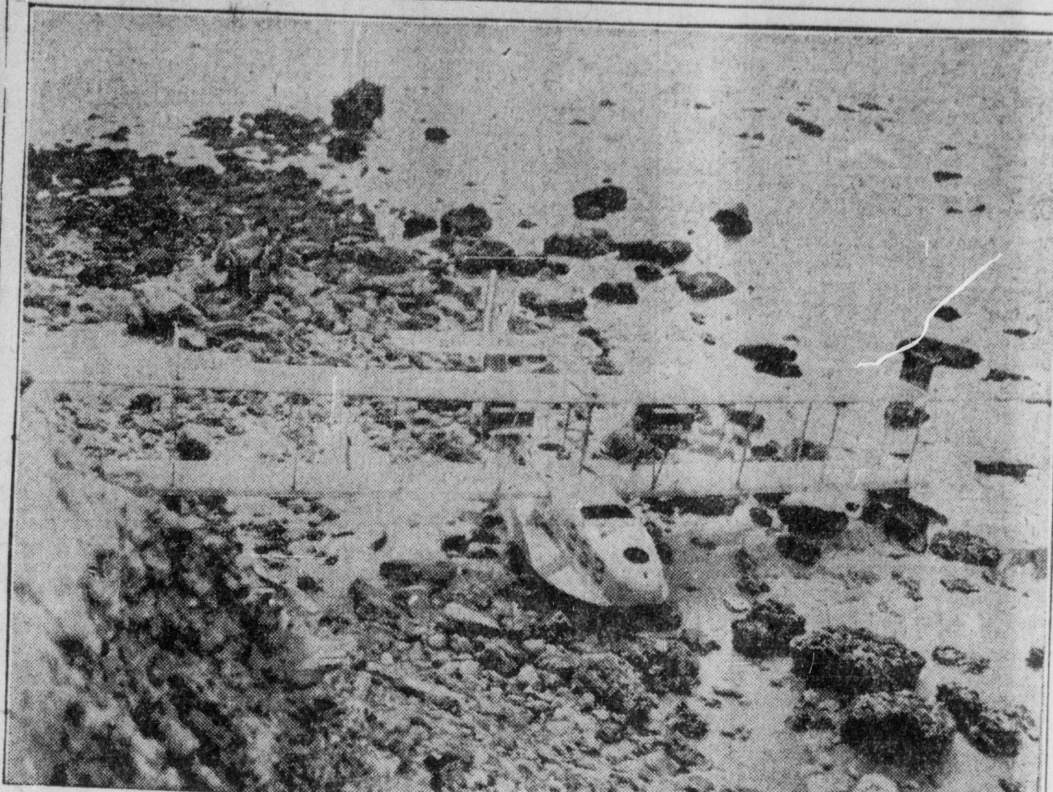

Ask any good furniture house to show you the attractive new Heywood-Wakefield line of Baby Carriages, Strollers and Sulkies and other Juvenile Furniture. Also our Reed and Fibre Furniture, Porch and Lawn Seats, Cane and Wood Chairs, Cocoa Brush Door Mats and Cocoa Floor Matting.

## SALVAGE MOTORS FROM WRECKED NAVAL SEAPLANE ON ROCKS NEAR DANA POINT

## FIRST PILING IS DRIVEN FOR COLORED COLONY CLUB ON COAST NEAR OIL CITY

HUNTINGTON BEACH, March 24.—A crowd of nearly 1500 negroes witnessed the driving of the first piling for the foundation of a bathhouse of the Pacific Coast club, here Sunday it was announced.

The land lies about one-half mile east of the city limits of Huntington Beach, on the state highway between this city and Newport Beach.

With the start of building operations it is expected that work will be carried on rapidly. Charles E. Rowe, Long Beach contractor, is in charge of the building operation and has a contract for several other large structures which will be erected on the ground. It is expected that the bath house will be completed within 60 days.

Despite alleged difficulties with the Pacific Electric company in effecting a crossing the pile driver was taken under the tracks at a point where a trestle has been built by the railroad. A large barge filled with piling was successfully landed on the beach recently.

Following the construction of the bathhouse, a dance hall, which will be one of the largest in the state will be erected. It was reported today by Dale M. Peters, a member of the chamber of commerce committee of this city who is investigating the proposed colony. Peters, local manager for the Southern California Edison company, declared that the colony had made application for more electricity than is used by the entire town of Huntington Beach.

## ANNOUNCE CAST FOR SCHOOL PLAY

FULLERTON, March 24.—Marion Helm, dramatic instructor in the local Junior College, today announced the cast selected for the Junior College freshman play, to be presented during Blue and Gold Week. Actual work on the production has begun.

Blue and Gold week is an annual celebration put on by the local college during which various methods of advertising the institution are exploited. The play will come as the climax of the week's activities on May 8. The following students will take part in the production: Adrian Marks, Cliff Howell, Victor Reese, Lauren Wright, James Balcom, Donald Filmond, Sylvia Parmenter, Helen Mantel, Winnie Mae Hardy, Fay Balloun and Margaret Twinn.

NIGHT COUGH QUICKLY RELIEVED

This is the substance of a letter received from H. W. Webb, Quincy, Ill. "I coughed a great deal, especially at night. Tried almost everything and have found nothing to equal FOLEY'S HONEY AND TAR COMPOUND. One dose relieved my cough and I rested well all night." One of the largest selling cough medicines in the world. Contains no opiates. Safe for children. Insist upon Foley's. Refuse substitutes. Sold everywhere.—Adv.

Here are two pictures of the naval bombing plane 2-S-3, wrecked on the rocks near Dana Point. Ten men miraculously escaped with their lives when the ship was forced down by a broken propeller 25 miles at sea. The plane, landing in the darkness, hit the water with such force as to break the pontoons. Three and one-half hours' desperate bailing of the ship from sinking, resume of the work done by the plane finally struck the rock, a piece of beach between Santa and Laguna Beach and crashed over the rocks tearing lower wings, wheels, pontoons and other equipment off, before coming to a stop at the foot of a sheer cliff 80 feet high. Naval officials were busy today lifting the motors of the plane over the cliff. They are the only part of the ship worth saving.

## Fullerton Man Is Accused On Assault Charge

FULLERTON, March 24.—As the aftermath of an altercation that grew out of an automobile crash on West Commonwealth avenue Sunday Henry Lauterbach of Hollywood yesterday filed with City Recorder William French a complaint charging B. S. Horstman of this city with assault and battery. Lauterbach alleges that Mr. Horstman, who was driving the Horstman machine, backed out of a driveway without giving any warning and he was unable to avoid colliding with her machine. When he denied, in the verbal argument with Mr. Horstman that followed, that she had given such warning, he asserts Horstman struck him two heavy blows in the face.

## YORBA LINDA CLUB HAS GARDEN PARTY

YORBA LINDA, March 24.—Garden parties are not common in Yorba Linda, and local club women and their guests greatly enjoyed the outdoor affair with which the newly added gardens to the club house were formally opened on Saturday afternoon. Guests from clubs all over the county were present as well as many local women.

By the clever arrangement of pepper and palm branches, ferns and spring flowers, the garden presented the appearance of one having reached maturity and was gay with pretty booths and the soft colors of pretty spring gowns of the women.

During the afternoon, a program arranged by Mrs. Geo. T. Kellogg, social chairman of the club, and sponsor for the affair, was presented. Mrs. Seamans gave a talk on radio broadcasting, afterwards presenting a group of her pupils in radio work. Miss Vinson of Brea sang two numbers and Miss Virginia Shaw played a group of piano numbers. Miss Helen Bemish of Anaheim played a violin solo. Mrs. Thompson of Santa Ana pleased with her clever pianoliques and Mrs. Stanley Tutton sang two pretty selections. The children also had a part in the program. Suzanne Kellogg singing a spring number, accompanied by Ramona Palmer and Nancy and Mary Nell Moore, daughters of Mrs. Nancy Moore of Fullerton sang "In An Old Fashioned Garden."

Patronesses of the affair were past presidents of the club and included Mrs. E. E. Knight, Mrs. T. B. Welch, Mrs. S. W. Acker and Mrs. Eva Gage of Costa Mesa. Those who acted as hostesses and had charge of the booths and refreshment tables included Mrs. Alpha Van Cleve, Mrs. E. R. Welker, Mr. J. T. Hurley, Mrs. P. V. Scott, Mrs. Albert Wilson, Mrs. B. M. Solover, Mrs. C. H. Fletcher, Mrs. C. A. Butler, Mrs. Frank Hosnaw, Mrs. O. J. Dykman, Mrs. S. S. Collins, Mrs. Ralph Shook and Mrs. Kellogg.

Financial returns were very satisfactory, the generous guests leaving over \$30 on the luncheon tables which will go to the garden fund. A pretty feature planned for the afternoon, and which had to be omitted was a surprise handkerchief shower, honoring the club president, Miss Marsha Vernon, who was unable to be present because of illness.

Let Holmes protect your homes.

## LAGUNA BEACH P. O. WORKERS WOMAN TELLS ORGANIZE NEW OF CONFERENCE COUNTY LEAGUE

Mrs. Seward Simons Attends Session In Washington on World Peace

Fullerton Man President, Santa Ana Secretary of Organization

LAGUNA BEACH, March 24.—The Laguna Beach Woman's club had the honor of sending to the conference of women lately held in Washington, D. C., one of their members as a delegate, Mrs. Seward Simons. The conference was composed of delegates representing nine of the most important women's organizations in the United States and the purpose in the meeting was a general discussion as to the cause and cure of war. Any organization having for its primary motive any peace project was eliminated, thus securing an impartial consensus of opinion.

In choosing Mrs. Simons to represent the California Federation of Women's clubs, due respect was paid to the fact that she was already the state chairman of international relations, besides being a most important club worker along all altruistic lines. Mrs. Simons last Friday outlined before the Laguna Beach Woman's club the work that was done by the conference, giving also an interesting, intimate glimpse, at the famous people present. Short sketches of various celebrities, both of Europe and America, who were speakers before the conference, threw sidelights on many of the happenings, while the resume of the work done by the women delegates, showed that not only did Mrs. Simons observe the gathering keenly but that she also has the gift of reporting clearly. Mrs. Simons' report on the conference was published in the Federated News and in a local paper and as a consequence the talk before the club had to do more closely with personalities than with the mere detail work of the conference.

Particularly did Mrs. Simons stress the personnel of the women represented and the concise working of the programs.

Following the talk the club women were entertained at the luncheon, which always follows the regular club meeting, and in the afternoon, the club president, Mrs. Julia Browne Strode, served tea at "The Villa." Short stories by local writers were read as well as six of Miss Mary Gray's short poems. Miss Strode contributed one of her own stories, reading in a charming voice.

## LAGUNA PYTHIANS WOULD FORM LODGE

LAGUNA BEACH, March 24.—Success of the organization of a Masonic club in Laguna Beach has led to an effort on the part of Pythians to form a lodge. Carl E. Hofer, agent for the Crown Stage line, is fathering the movement. He has issued a call to all members of the Knights of Pythias order to get in touch with him, so that he can not only learn the number in Laguna Beach but hear their views on the matter. All members in good standing and those who have allowed their memberships to lapse are asked to aid the organization.

"If we find that the sentiment favors the formation of a lodge we will get an organizer here at once," said Mr. Hofer. "Personally, I believe the town will support a lodge. Hundreds of members of the order visit Laguna Beach every Saturday and Sunday in the summer time and there should be a place here where they can register."

H. H. Henshaw will attend the ceremonial to be put on by the Shriner at the Ambassador hotel in Los Angeles Wednesday evening. He will cut short a business trip to Bakerfield for that purpose.

DIES AFTER OPERATION  
FULLERTON, March 24.—Samuel Campella, 33, who has been employed for almost 12 years in the establishment of R. H. Grieves, local tailor, passed away late Sunday evening at the Anaheim sanitarium. He had taken suddenly ill with acute appendicitis only two days before and an operation was too late to save his life. Surviving him are his widow and three small children. Funeral services will be conducted in Los Angeles Wednesday morning.

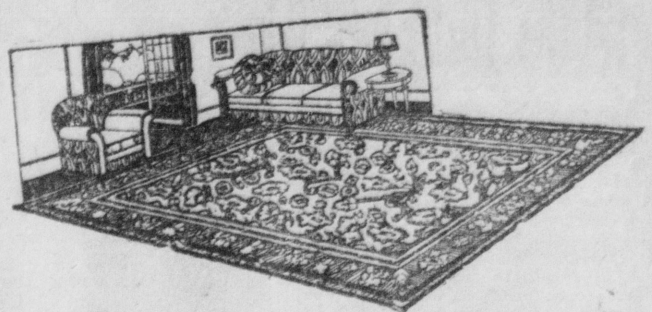

## COUGHS Quick Way to Stop Them

Persistent, racking coughing, which by rapidly weakening your entire system lays you open to more dangerous infections, can be checked often with the first dose of that old-time tried and approved remedy—Dr. Bell's Pine-Tar-Honey. And there's a tar to quickly loosen and remove the phlegm and congestion which are the direct cause of the coughing, while the honey both gives a pleasant taste and helps soothe the irritation. It often astonishes how quickly this combination relieves the stubborn cough.

But be sure you get the original Dr. Bell's Pine-Tar-Honey, and no substitute. Dr. Bell's has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting healing ingredients which the best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic croup. If you want the best, a medicine that often saves the severest cough overnight, make sure you get Dr. Bell's. Only 50c at any good drugstore.

DR. BELL'S The Original PINE-TAR-HONEY

## A Blue Ribbon Prize Winner!

They knew where to hang the First Prize Tags when they named the rugs I'm talking about, "Blue Ribbon."

Velvets!—and say, the patterns are beautiful; they'd take a prize, too.

But the real sensation is the price. Honest-to-goodness, they are the best buy on the market today—those "Blue Ribbon" Velvet Rugs that the famous McGee Mills turn out for us to sell.

# GOOD FEELING SINCLAIR AIM IN OIL DEFENSE

CHEYENNE, Wyo., March 24.—Regardless of the outcome of the Teapot Dome oil suit, it has been a revelation in highly-organized methods of defense.

Harry A. Sinclair, who owns the defendant Mammoth Oil company, from which the government is attempting to recover the lease on Teapot Dome, has set up what well may be called a "defense de luxe."

An entire floor—40 rooms—of the Plains hotel is occupied by Sinclair and his attorneys, stenographers and publicity men and retinue.

Two guards stand watch in the hotel corridor and look with suspicion on all who pass by, but Sinclair and his attorneys are smiling affably and are approachable at all times.

In the hotel, the defense maintains a press clipping bureau where everything published regarding the trial is read, clipped and filed. Sinclair personally reads the important clippings.

A publicity man for the defense sits in the courtroom at the press table. He makes no apparent effort to bias the work of the correspondents, but is always ready to supply data, statistics or information. Sinclair representatives also constantly remind the newspapermen that Sinclair is a "good fellow," and to insist that he is innocent of any wrongdoing.

In the hotel dining room, men from all sides mix. The government and the defense counsel eat there, as do the defense employees, the witnesses and correspondents. Judge T. Blake Kennedy, presiding at the trial, isolates himself at one side of the room.

Sinclair takes dinner in the main room, speaking pleasantly to the government counsel, passing a word with correspondents and radiating good cheer.

In court, there is no violent clashing of lawyers, fiery denunciations or the usual outbreaks of temper from either side.

The whole effort of the defense seems directed toward creating an atmosphere of good feeling out of which Sinclair can stand as one persecuted when in the act of doing a public service and "taking his medicine with a smile."

## Pleads Guilty To Change Trick; Draws Jail Term

FULLERTON, March 24.—A. H. Jenkins, "change artist," who pleaded guilty yesterday morning in Judge William French's justice court to a charge of short changing a clerk in a local store and who told the Judge that he would be willing to pay "a nominal fine" received a real jolt when he was given a sentence of 30 days in the county jail.

Jenkins was arrested Saturday evening on the complaint of a clerk in Chaffee's grocery. It is asserted the man made a small purchase and presented in payment a five dollar bill. Receiving his change he "discovered" the correct amount to cover his purchase, in his pocket, and presenting this asked that his bill be returned. The clerk obliged him but received only a portion of the change he had originally given the man. Discovering the discrepancy shortly after Jenkins' departure an officer was notified and the alleged swindler held to answer to the law.

## Picture People Visit at Laguna

LAGUNA BEACH, March 24.—Florence Vidor, motion picture star, accompanied by her maid, was a Laguna Beach visitor this week-end. Miss Vidor was re-lighted with the scenic beauty of the beach and was determined to return for a longer stay.

Matt Moore, the movie hero, and a member of the Moore family has become famous in the history of theatricals, came into Laguna Beach a few days ago to use the coast line for "movie stuff". The light was so perfect at the time of arrival that the scene was taken immediately, the company remaining but a short time.

# Views of Cyclone Wreckage In Mid-Western States

This is the first picture to come from Annapolis, Mo., where the tornado of March 18 marshaled its winds of death and havoc and sent them roaring through five states, whose death toll from the disaster totals approximately 1000.

Ruins of the longfellow grade school at Murphysboro, where approximately 70 children were crushed to death when a tornado of unprecedented fury swept through the town, snatched off the roof of the building and piled the dead and injured in heaps.

## BUILDING WORK ON H. B. OHUSE STARTS

HUNTINGTON BEACH, March 24.—Work was started here today on a five-room residence by Ride-nour Brothers, local contractors, who are building the house for H. T. Dunning. The house will cost about \$5000, and will be of the popular type finished in stucco. The issuance of the permit for the house brought the building permit total for March near the \$10,000 mark.

Two permits were issued Saturday for improvements in the city. J. N. Hearn of 425 Seventh street was issued a permit to erect a garage. The building will cost \$100. H. F. Shram was issued a permit to build a double garage on his property at 214 Sixteenth street. The garage will cost \$425. Ten permits have been issued this month.

## Yorba Linda Wins At Track Meet

YORBA LINDA, March 24.—Yorba Linda grammar school athletes won second place for the entire meet and first in the junior division, 110 pounds and under at the track meet held at Brea last Saturday. The success of the team pleased a number of people who attended the meet and the Yorba Linda team plans to enter another meet to be held at Fullerton soon.

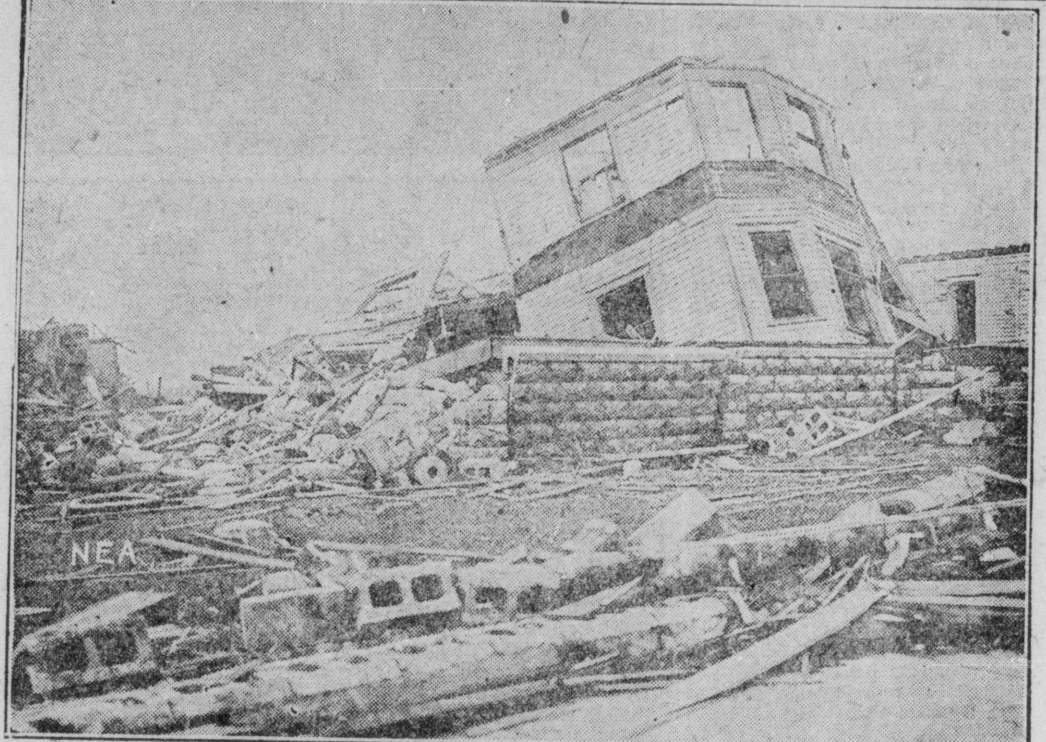

The ribbons won as prizes are on display in the Cannon Pharmacy window. Vern Thomas was the local star taking four firsts, all the events he was allowed to enter. Those who won events follow: Vern Thomas, first in running broad jump, shot put, 75-yard dash and relay; Noble Rennecker, first in relay; Richard McPadden, first in relay; Carl Morris, first in relay; Ivan Jacobs, second in shot put; Jack Boughner, fourth in high jump; Harry Buckmaster, fourth in 100-yard dash; Maxine Hammer, first in basketball throw; Margaret Lord, third in basketball throw; Minnie Thomas, fourth in basketball throw and baseball throw.

**IOWANS PICNIC AT BEACH.**  
HUNTINGTON BEACH, March 24.—One of the largest picnic gatherings to visit this city for some time was composed of Iowans at Seventeenth street park Sunday, according to J. H. Macklin, local city councilman, who acted as host to the group. Gas plates installed in the park last summer for the use of picnic parties made a great hit with the people, according to Macklin. About 500 persons were present.

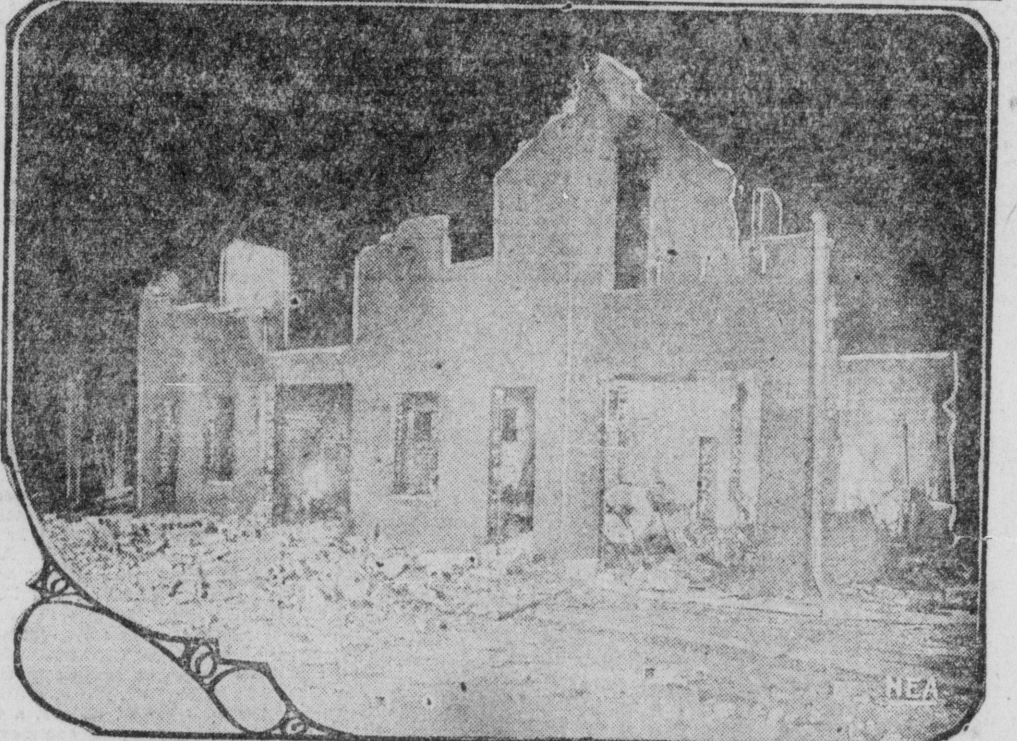

Public stenographer, Moore Bldg.

Just before the twister struck Murphysboro, where the ruins of this house are situated, a mother and her children were peacefully sleeping. Without warning the tornado bore down upon them, snatched them from their places and cut open the front of the house as with a knife, exposing the interior with its demolished furniture to open view from the street.

The efforts for a lifetime were smashed to bits by the tornado which crushed in houses like so many eggshells and left a trail of death and havoc in its wake. This picture, taken at Murphysboro, one of the towns hardest hit by the twister, gives some concept of the tornado's fury. Not the solid concrete walls in the foreground snatched from their foundations and hurled far and wide.

EXTERIOR OF GARAGE AT MURPHYSBORO, DEMOLISHED BY THE TORNADO

TORNADO-SWEPT MAIN STREET AT MURPHYSBORO, SHOWING EFFECTS OF HAVOC WROUGHT

MORGUE PILED HIGH WITH STORM DEAD AT MURPHYSBORO, ILL.

Sixty pupils were killed in this room of the Longfellow school at Murphysboro, Ill., when the force of the tornado struck the building as the pupils were studying their lessons. This wrecked room, with but one desk remaining unscathed, is typical of the devastation and death visited upon scores of schools throughout the tornado area. Photo was carried to Chicago by airplane, telephoned to San Francisco by the American Telephone & Telegraph Co., and sent to The Register by NEA service.

# JUNIOR REGISTER NEWS

## FULLERTON TO SEND NEWS TO JR. REGISTER

New Teacher Takes Interest In Plan to Publish High School News

FULLERTON UNION HIGH SCHOOL, March 24.—The Junior Register will receive contributions from the journalism class at Fullerton in the future, according to announcement here today by Miss Grace Miller, journalism teacher.

Miss Miller was appointed journalism teacher at the school following the resignation of Miss Bertha Lancaster. She was formerly an English teacher in the school and besides carrying on the journalism work she is teaching several English classes.

She has inaugurated a get-together plan to enable the staff of officers of the paper to reach a decision in any matter. All questions as to what stand the school publication shall take are determined at a special meeting of the officers of the paper. Suggestions are made and a campaign is outlined to be followed by all reporters and workers.

Miss Miller, who took over the high school newspaper work in December, has evinced much interest in the work being done by the Junior Register. Junior Register groups, which were on display at the school last week, aroused much interest among the students of the class. An invitation has been extended to Miss Miller and her class by The Register to visit The Register plant.

## JUNIOR REGISTER EDITORIALS

**LAZINESS AND CITIZENSHIP**  
Has every individual a right to express his opinion in assembly or other places or should only the most prominent people be allowed to express their opinions?

When voting on problems brought up before the student body, should one vote with the majority or should one vote the way he considers best?

Many people don't consider the problems brought up by just vote with the majority or else say, "Oh, my vote won't count, I won't think about it." Are you one of them? Are you throwing away your rights to be a good member of the student body and to help better the school?

Don't be a loafer and lie down on the job. That does not show loyalty to the school nor is it indicative of good citizenship. Don't you want the school you attend to be a good school and have a good reputation? Of course you do. Why not help make it so? Your help counts and you can help in various ways. You can participate in school activities, or, if perhaps the outdoor sports don't appeal to you, be on the honor roll or join the dramatics class.

If you have a good idea, why not express it? It might be valuable to the school and besides, good ideas are rare. These are a number of ways in which you have the right to help your school to be the sort you will always be proud of.

By MARY HESS,  
Garden Grove Union High School.

## FARMERS AND RADIO

The farmer in times gone by was isolated sometimes by fifty or more miles. His only knowledge of the world was gained through a paper or the few visits he made to town. He heard no music nor speeches to amount to anything. He knew little of how to get the most from his ground because he didn't have any certain connection with the outside world. On the whole the farmer's life was dull and his comforts were few.

When Marconi, De Forest and others invented and perfected the radio they did a great service for the world. The farmer with a tube set costing around \$75 can now pick up out of the ether almost anything he wishes in the way of music, weather reports, market prices and so forth. He can now hear good music and enjoy himself after supper when the work is done. Before, he couldn't go to church but now there are sermons in the air every Sunday.

Large numbers of farmers make use of the radio and become so interested that they go to the bottom of it and soon know how to operate delicate sets to their maximum efficiency. The more farmers there are with radio sets, the closer are the United States people united into a more perfect understanding of one another. The farmers can vote for some one they know something about now while before they voted haphazardly. The radio is an attraction which keeps the boys on the farm because amusement is in its infancy, but soon every one will have a radio and then people can talk to a friend across the continent or in Europe.

Garden Grove Union High School.

## History of Old Land Grants Given By Tustin Writer

BY ELIZABETH TUTT.

TUSTIN UNION HIGH SCHOOL, March 24.—About 150 years ago Spain decided it was high time to occupy California. The king realized that it would mean endless labor to settle this vast stretch of wilderness, but he feared the intrusion of some other country. Accordingly, the Spanish generals in Mexico were ordered to start civilizing California.

The main difficulty was to get people to come to California. Needless to say, it was not the land of promise it is today. By way of inducement the king granted large tracts of land to the more adventuresome people who consented to try their luck at taming the wilds.

Fifteen of these grants lie wholly or partly in Orange county. Starting at the lower boundary they are Boca de la Playa, Mission Viejo, Trabuco, Niguel, Canada de los Alisos, Lomas de Santiago, San Joaquin, Santiago de Santa Ana, Los Bolsas, La Bolsa Chica, Los Alamitos, San Juan Cajon de Santa Ana, Canon de Santa Ana and Los Cayotils.

Sixty-five years ago a man in San Juan Capistrano bought from the Yorbas the part of the Rancho Santiago de Santa Ana on which Tustin is now located, and paid twelve and a half cents an acre for it. Later he sold it for three dollars an acre and thought he was robbing the buyers. Tustin Santa Ana and Orange are located on this rancho.

The titles of some of these ranchos have been under dispute. Los Bolsas Rancho was settled by squatters, and for many years a legal battle was carried on which was finally decided against the settlers. The Irvine company's title to the San Joaquin Rancho has also been unsuccessfully attacked several times in the last 50 years.

It might be added that, in the main, titles coming from Spanish land grants are considered good.

## SPANISH CLUB AT GROVE HAS MEET

BY WILMA VINCENT

GARDEN GROVE UNION HIGH SCHOOL, March 24.—The Spanish club assembled in the library Wednesday evening. After a short business meeting, C. D. Chamberlain, Spanish teacher of Frances Willard Junior high school, with 12 Santa Ana students from his freshman Spanish class gave a demonstration of his experimenting in teaching.

Miss Helena Curtiss sang a solo, "In Old Madrid," which carried the students thoughts over to sunny Spain. Mildred Dunlap, Helen Knox, Esther Guyton and Evelyn Velzy, gave an attractive dance in Spanish costumes, accompanied by Mrs. O. Smith, pianist.

Miss Edith Alton, former Spanish teacher of Garden Grove, whom every one welcomed at the meeting, gave a short but very friendly speech, telling the club how she misses her pals in the Grove and how pleased she was to be present.

## Grant Reporter Injury Award Under New Law

The Ohio State Industrial Commission established a precedent in granting an award to Joseph J. Flanagan, reporter on the Toledo Times, under the workman's compensation law. It was the first claim ever filed by a reporter.

Flanagan was in Lakewood, Mich., covering a community celebration and, while talking with members of the entertainment committee, a firework exploded and injured him. The commission held that:

A reporter always is on duty. His duties may extend beyond the state in which he is employed. They are called upon to assume risks similar to those of a fireman or policeman, and entitled to compensation for injuries so received.

## Religious Rites Are Suggested As Death Cause

MARYSVILLE, Cal., March 24.—Charges that Henry H. Scholow, farmer, who died last Thursday in an Oroville hospital, came to his death as a result of burns inflicted on his head and body in a weird religious rite, are being investigated by Butte county authorities on demand of his friends.

Investigation revealed deep burns the sole of each foot, two on his back, one on each elbow and one on his head. A cross, while the others indicated the end of a blunt red-hot iron had been pressed into the flesh.

Scholow is said to have been a member of a fanatical religious sect that has been conducting meetings in several communities in Butte county lately.

Scholow's neighbors, who started the investigation, believe members of the religious sect administered the burns during one of their ceremonies.

## H. S. SCRIBES MAKE READY FOR SESSION

High Schools of Orange County to Be Represented at Press Convention

Delegates from all Orange county high schools will be present at the annual spring convention of the Southern California High School Press association to be held Friday of this week at San Bernardino. At the meeting of the Orange County High School Press association in Anaheim last week the members voted to sit together at the session.

According to notices sent out by Miss Helen V. Johnson, journalism teacher at the San Bernardino school, Mayor Grant Holcomb of the entertaining city will deliver the welcoming address at 9 a. m. He will be followed by Milton R. Standish, director of advertising of the Sun publications of San Bernardino, who will talk on newspaper advertising.

The High School Parent Teachers' association will serve luncheon to the delegates in the gymnasium at noon at which time the school orchestra will furnish the music. The afternoon session will be featured by a talk by Lyman Facts, editor of Redlands Daily Facts. A business session will follow at which the location of the next convention will be selected.

## AUTO BUS BODY BUILT AT TUSTIN

BY HARRY HARKLEROD

TUSTIN UNION HIGH SCHOOL, March 24.—To celebrate the completion of the Packard athletic bus, six students of the machine shop and Mr. Brisco, instructor, had their picture taken Thursday afternoon, March 19.

Early in the year Mr. Means, principal, suggested that Mr. Brisco be on the watch for a car that would make a good football bus. By chance a Packard twin six was discovered. The motor had just been overhauled, a new paint job put on the body and there were four new and three practically new tires.

Mr. Brisco suggested that the work of lengthening the chassis and the body building be done in the lack of time, only the frame was lengthened here. The cushions and body were finished in Santa Ana.

The frame was made four feet longer and re-inforced with girders and welded. This new car is as long as the regular school buses and will carry 18 passengers. It is expected that this will do away with all shortage of means of transportation for the athletic department.

## Flames In S. F. Gut Buildings

SAN FRANCISCO, March 24.—Fire started by spontaneous combustion in a quantity of paint in the plant of the San Francisco Wheel company, gutted six frame buildings. The damage amounted to about \$100,000.

## Seek Assailant Of S. F. Officer

SAN FRANCISCO, March 24.—A mysterious assault upon Policeman Edward G. Tobin was being investigated today. The officer was found unconscious in a vacant lot early Sunday, his coat and vest removed, money and keys lying in plain view, but intact. Only his revolver and handcuffs were missing.

## British Monarchs Ride Street Car

LEIGHORN, Italy, March 24.—King George and Queen Mary of England treated their populace to Leighorn Sunday to the rare sight of British reigning monarchs riding on a common, every day street car.

## Experiments In Chemistry "Lab" Bring "Results"

BY CARL WEISE

TUSTIN UNION HIGH SCHOOL, March 24.—"Chemistry is of some use after all," commented a chemistry student after trying some experiments from a moving picture shown in assembly Thursday, March 19. Every method of making fire from those practicable only in a chemistry laboratory, was shown and it was this last which some of the chemistry students were trying to duplicate.

"The picture said chlorate of potash, but we guessed that that was just a fancy name for potassium chlorate, so we mixed some of that with sugar just as the picture said, put it in a tin dish and then put on a drop of concentrated sulphuric acid. Results? Say, it gratified our wild expectations. Pink flames about four inches high came out of the mixture, and talk about burning fiercely, it sounded just like a blowtorch. It left a fearful mess of ash and black tarry stuff that stuck tighter than a brother's hand."

"That is the story from one of the experimenters himself. An interesting sequel is the comment of Mr. Kyle, the chemistry teacher: 'It is very peculiar that chemistry students need this sort of thing to wake them up. The possibilities of chemistry, and likewise the interest of it. They smoked up the laboratory, ruined their sand bath, and used up good material, but just the same it was a profitable thing for the school and experimenters both, because of that interest that I mentioned.'

The cafeteria will be especially adapted to banquets, and will be wired for a radio receiving set—as will other new rooms. A mechanical drawing room was to have been added and would have extended from the north end of the new cafeteria to the present shop building. It is hoped that this improvement may be added in the near future.

The structure now under way will be completed before the opening of the next term of school.

## CAPITALIST FLAYS N. Y. PAPERS FOR PRINTING SCANDAL

BY ETHEL OSTERMAN

TUSTIN UNION HIGH SCHOOL, March 24.—In 1912 there were but 15 high schools in the United States with printing courses, two of them in California, but today there are 1500 schools with printing courses. Lloyd Ross, instructor in printing at Anaheim union high school told members of the Orange county high school press association at the meeting held last Friday afternoon at the Mother Colony hotel that the printing course at certain extent the parents as to what the high school was doing to actually prepare its graduates to earn a living. He cited several students who had gone out from his course to be given positions almost at once.

Principal J. A. Claves of Anaheim gave the welcoming address. It was his purpose, he said, to make his school as largely polytechnic as possible instead of giving so much attention to the purely academic side.

An interesting discussion of methods of securing jokes for high school papers was launched by Miss Ellen MacKenzie Dodson, teacher of journalism at Garden Grove union high school. Several useful hints were secured from the student speakers. Earl Nash of Tustin spoke interestingly.

The editor of "The Green Lemon," the annual humorous publication of Anaheim high school, spoke briefly concerning his publication. The Anaheim school is the only one in the county to print an annual humorous number, he said, and all contributors aim to keep the work up to a high standard.

Two readings, thoroughly enjoyed by the association members, were offered by girl students of the entertaining school. After some discussion of the annual spring meeting of the Southern California High School Press association, to be held Friday of this week at San Bernardino, it was voted that the editor of the Santa Ana Junior Register be asked to explain the purpose of the county high school press association to the convention.

Refreshments were served in the high school cafeteria. Fullerton high school will entertain the association in April.

## Woman Bandit Takes Child On Auto Robbery

LOS ANGELES, March 24.—A new form of banditry was revealed here when Albert H. Butler, Pasadena, reported to police he had been held up and robbed by a woman, accompanied by a 6-year-old boy.

The "matron bandit" hailed Butler at a street corner in the fashionable Wilshire district as he was passing in his automobile. She and the child climbed into the rear seat when Butler stopped to give them a lift.

After driving several blocks, the woman drew a pistol and forced Butler to drive into a side street, where he was ordered from the machine and "risked" of his pocket change. The woman, leading her child by the hand, then climbed into a nearby automobile and drove away.

## NEW ADDITION AT TUSTIN H. S. TO BE STARTED

Music Section, Cafeteria and Dining Room to Be Constructed

BY ETHEL OSTERMAN.

TUSTIN UNION HIGH SCHOOL, March 24.—Bowman and Preble, building contractors of Tustin, are preparing to lay the foundation for the new addition to be made to Tustin Union High school. The expansion will not be as extensive as was first planned, but will be a welcome improvement.

The new building is being constructed on the northeast corner of the present one and is also of Spanish type architecture. It will be comprised of a music department which will join and run east from the present stage, which is to be partially reconstructed, and cafeteria kitchen and dining rooms.

The music section will be two stories high. The first floor will contain a faculty dining room and the small practice rooms which will be used as dressing rooms. In addition to an office for the music instructor, the second floor will be comprised of the music room proper, which will be suitable for use as a small assembly room. The walls will be sound-proof.

The new cafeteria will extend north from the present one, and will join the corner of the proposed music section. It will be but one story in height, and will join with the music building in such a way as to form an enclosed patio in which plants will be carefully cultivated.

The cafeteria will be especially adapted to banquets, and will be wired for a radio receiving set—as will other new rooms.

A mechanical drawing room was to have been added and would have extended from the north end of the new cafeteria to the present shop building. It is hoped that this improvement may be added in the near future.

The structure now under way will be completed before the opening of the next term of school.

## Capitalist Flays N. Y. Papers for Printing Scandal

BY ETHEL OSTERMAN

New York newspapers lately have been giving considerable space to John Emory Andrus, because he is a capitalist, is 84 years old, and insists upon riding standing up from Yonkers, a suburb, to the city in the subway.

New York Times on George Washington's birthday, Mr. Andrus became a critic of the press. "I don't believe in scandal news," he said. "It is degrading. Such news is beyond the realm of decency. I believe in printing anything that tends to uplift readers, but nothing that would tear down and is below the level of decency."

Criticizing what he called "yellow journalism," Mr. Andrus said: "It is much easier to be bad than good, but the men who have made their mark in the country have not debased themselves by catering to or rubbing themselves against the elbows of evil. There is a certain class of people that want sordid things and the scandal that such journalism plays up."

"There are some very high-toned, instructive, educational newspapers and there are some pretty low-down ones, but they all seem to have a clientele. Yes, I think newspapers can be improved upon. A newspaper should contain straight, wholesome, instructive news."

## Postpones Passing Rickard Sentence

TRENTON, N. J., March 24.—Federal Judge Bodine has postponed sentence until next Monday in the case of George L. "Tex" Rickard and four others convicted last Thursday of conspiracy to violate the interstate commerce law. Transportation of the Dempsey-Carpentier fight films formed the basis for their allegations.

## COOLIDGE MAY PRESIDENT COOLIDGE MAY BEGIN

WASHINGTON, March 24.—President Coolidge may begin his summer vacation in June instead of late July, as was originally planned. It is indicated at the White House. Mr. Coolidge is particularly susceptible to heat and if the coming summer produces an early heat wave he will retreat to New England to escape it.

## WOMAN'S BACK STOPPED ACHING

I Suffered Three Years. Relieved by Taking Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I have a little girl three years old and ever since her birth I have suffered with my back as if it were breaking in two and I had a bearing down feeling all the time. I also had dizzy spells and was sick at my stomach every month. I had read several letters from women in the newspapers and the druggist recommended Lydia E. Pinkham's Vegetable Compound to my husband for me. As a result of taking it my back has stopped aching and the awful bearing-down feeling is gone. I feel stronger and do all of my housework and tend to my little girl. I have also taken Lydia E. Pinkham's Liver Pills for constipation. I have recommended these medicines to some of my friends and you may use this letter as a testimonial if you wish. I will be pleased to answer letters of other women if I can help them by telling them what this medicine has done for me."

Mrs. PRICE, 147 W. Summit Avenue, St. Paul, Minnesota.
